Musical Direction For Improv And Sketch:

Musical Direction for Improv and Sketch Comedy Michael Pollock, 2004 Masteryear Publishing is proud to present this unique guide to a musical skill long considered mysterious and practically un teachable Step by step author Michael Pollock explains the thinking process behind comedy accompaniment and musical direction in clear simple language Each concept is illustrated by audio examples featuring actors from The Second City Los Angeles and Michael at the keys The best comedy troupes in the world have live keyboard accompaniment and musicians who can provide this kind of clever spontaneous underscore are relatively rare This book and CD leads the way to rapid progress for anyone who would like to learn *The Comedy Improv Handbook* Matt Fotis, Siobhan O'Hara, 2015-10-14 The Comedy Improv Handbook A Comprehensive Guide to University Improvisational Comedy in Theatre and Performance is a one stop resource for both improv teachers and students covering improv history theory maxims exercises games and structures You will learn the necessary skills and techniques needed to become a successful improviser developing a basic understanding of the history of improvisation and its major influences structures and theories This book also addresses issues associated with being a college improviser like auditions rehearsals performances and the dynamics of improv groups **Derek Bailey and the Story of Free Improvisation** Ben Watson, 2004 Lifts the lid on an artistic ferment which has defied every known law of the music business Journal of the Society of Arts, 1878 Las Vegas Dreams, *Improvisation in the Arts of the Middle Ages and Renaissance* Timothy James McGee, 2003 One impression that stands out from this collection is the extent to which improvisation was an important factor in all of the arts As each of the authors assembles a case by ferreting out bits and pieces of information having to do with a single art the weight of the assembled material lends additional strength to each case By considering the overall picture that results as well as that made by each of the individual studies the reader is able to see much more clearly the role played by improvisation from the late Middle Ages through to the time of Shakespeare and beyond A careful reading of the essays brings with it the awareness that to ignore improvisation is to distort the art in a major way In light of the present volume the very concept of faithful historical re creation takes on a much broader and more complex character **Journal of the Royal Society of Arts**, 1878 **Etude**, 1896 Includes music *Sketch*, 1897 **The Etude**, 1897 A monthly journal for the musician the music student and all music lovers **JOURNAL OF THE SOCIETY OF ARTS.
