Islam and Democracy in the Maldives Azim Zahir, 2021-11-29 This book examines Islam's relationship to democratization in the Indian Ocean nation of the Maldives It explores how and why an electoral democracy based in a constitution that has many liberal features but also Islam based limitations especially lack of religious freedom emerged in the country by 2009 In doing so the book interrogates a major approach to Muslim politics that assumes reformist interpretations of Islam are a positive and even a necessary force for liberalization and democratization in Muslim majority contexts This book shows reformist Islam did play certain positive roles in democratization in the Maldives However the book suggests reformist Islam may not be an invariably uncontroversial force in the space of politics It argues that modern nation building in the Maldives shaped by political actors with reformist Islamic orientations since around the 1930s has also completely transformed Islam as a modern institutional and discursive political religion These transformations of Islam as a modern political religion have existed as path dependent constraints on the depth of democratization ensuring religion based limitations and intensifying controversy over religion vis vis the state and individual rights An original empirical contribution towards a better understanding of Islam and politics in the Maldives this book will be of interest to academics and students working on democracy and Islam in particular and in the fields of political science and area studies especially South Asian politics

Islam, Autoritarismus und Unterentwicklung Ahmet T. Kuru, 2024-11-27 Warum weisen Länder mit muslimischer Bevölkerungsmehrheit im Vergleich zum Weltdurchschnitt ein niedriges Maß an Demokratie und sozioökonomischer Entwicklung auf Dieses Buch kritisiert Erklärungen die den Islam als Ursache dieser Ungleichheit anführen da die Muslime zwischen dem 9 und 12 Jahrhundert philosophisch und sozioökonomisch weiter fortgeschritten waren als die Westeuropäer Auch der westliche Kolonialismus war nicht die Ursache Die Muslime litten bereits unter politischen und sozioökonomischen Problemen als die Kolonisierung begann Dieses Buch argumentiert dass die Muslime in ihrer frühen Geschichte als in Europa religiöse Orthodoxie und Militärrherrschaft vorherrschten einflussreiche Denker und Kaufleute hatten Im 11 Jahrhundert entstand jedoch ein Bruch zwischen orthodoxen islamischen Gelehrten den Ulema und Militärrstaaten Dieses Bruch erstickte allmählich die intellektuelle und wirtschaftliche Kreativität indem es die intellektuellen und bürgerlichen Klassen in

der muslimischen Welt marginalisierte Dieses Bildnis behindert auch heute noch Kreativität und Wettbewerb in muslimischen Ländern Die Rohfassung der deutschen Übersetzung hat ein maschinelles Übersetzungsprogramm mit Hilfe künstlicher Intelligenz angefertigt Eine anschließende menschliche Bearbeitung erfolgte vor allem in inhaltlicher Hinsicht so dass sich das Buch stilistisch anders lesen wird als eine herkömmliche Übersetzung [Irans Führungsanspruch \(1979-2013\)](#) Oliver Borszik,2020-08-10 Keine ausführliche Beschreibung für Irans Führungsanspruch 1979 2013 verfügbar **Islam and Democracy in the 21st Century** Tauseef Ahmad Parry,2023-09-15 This book starts with the prevailing idea of a conflicting relationship between Islam and the Western concept of democracy both in theory and in practice With this backdrop the author addresses the crucial question Is Islam compatible with democracy The book offers very useful discussions in framing the contemporary debates surrounding Islam and democracy treads through diverse theoretical Islamic texts like the Quran and Sunnah discusses the historical evolution of the concept of Shura the primary source of democratic ethics in Islam provides an assessment of the views and visions of some selected Muslim scholars from 19th to 21st centuries on Islam democracy compatibility and examines the elements of compatibility between Islam and democracy without ignoring the basic differences that exist between the Western approach to democracy and Islamic political thought **Islam, Gender, and Democracy in Comparative Perspective** Jocelyne Cesari,José Casanova,2017-04-15 The relationship between secularism democracy religion and gender equality has been a complex one across Western democracies and still remains contested When we turn to Muslim countries the situation is even more multifaceted In the views of many western commentators the question of Women Rights is the litmus test for Muslim societies in the age of democracy and liberalism Especially since the Arab Awakening the issue is usually framed as the opposition between liberal advocates of secular democracy and religious opponents of women's full equality Islam Gender and Democracy in Comparative Perspective critically re engages this too simple binary opposition by reframing the debate around Islam and women's rights within a broader comparative literature Bringing together leading scholars from a range of disciplines it examines the complex and contingent historical relationships between religion secularism democracy law and gender equality Part One addresses the nexus of religion law gender and democracy through different disciplinary perspectives sociology anthropology political science law Part Two localizes the implementation of this nexus between law gender and democracy and provides contextualized responses to questions raised in Part One The contributors explore the situation of Muslim women's rights in minority conditions to shed light on the gender politics in the modernization of the nation and to ponder on the role of Islam in gender inequality across different Muslim countries **Islam and Secularism in Post-Colonial Thought** Hadi Enayat,2017-06-30 This book is a theoretically and historically informed exploration of secularism in Muslim contexts It does this through a critical assessment of an influential tradition of thinking about Islam and secularism derived from the work of anthropologist Talal Asad and his followers The study employs the tools of comparative historical sociology and sociology of

knowledge to engage with the assumptions of Asadian theory Ultimately Enayat argues against nativist assertions drawn from the experience of Western modernity and provides a qualified defense of secularism

Mahathir's Islam Sven Schottmann, 2018-09-30 Mahathir Mohamad's legacy as Malaysia's longest serving prime minister 1981-2003 is deeply controversial His engagement with Islam the religion of just over half Malaysia's population has often been dismissed as partisan maneuvering Yet his willingness to countenance a more prominent place for Islam in government and society is what distinguished him from other modernist politicians and his instinct to set Malaysian politics against the backdrop of the wider Muslim world was politically astute Author Sven Schottmann argues that Mahathir's transformative effect on Malaysia can only be fully appreciated if we also take him seriously as one of the postcolonial Muslim world's most significant political thought leaders Schottmann sees Mahathir's representations of Islam as a relatively coherent discourse that can legitimately be described as Mahathir's Islam This discourse contains Mahathir's assessment of the economic political and sociocultural problems facing the contemporary Muslim world and the range of solutions and corrective measures that he proposed Muslims should adopt His ideas are fraught with flaws and contradictions On the one hand he emphasized the individualistic egalitarian pluralistic democratic and dynamic qualities of Islam On the other his government enacted legislation and acquiesced in the activities of religious bodies that curtailed religious freedoms of both Muslims and non Muslims His ideas contributed to Malaysia's worsening state of interethnic relations yet his insistence that every Muslim had the right to speak for Islam may have paradoxically prepared the ground for a future democratization of Malaysian politics Mahathir's Islam is based on rigorous analysis of Mahathir's speeches interviews and writings which the author is able to link to parallel processes elsewhere in the Muslim world Indonesia the Middle East Pakistan Turkey and diaspora communities in the West Mahathir's Islamic discourse Schottmann suggests must be read against the wider late twentieth century resurgence of religion in general and the post 1970s Islamic revival in particular Balanced in approach and engagingly written this book will be of interest to scholars and students of political science religious studies and others interested in Malaysia Southeast Asia or Mahathir himself

Secularism and Muslim Democracy in Turkey M. Hakan Yavuz, 2009-02-19 The Islamist Justice and Development Party swept to power in Turkey in 2002 Since then it has shied away from a hard line ideological stance in favour of a more conservative and democratic approach This book asks whether it is possible for a political party with deeply religious ideology to liberalise and entertain democracy

Religious Secularity Naser Ghobadzadeh, 2017-02-09 Using Iran as a case study Ghobadzadeh investigates the paradoxes of the Islamic state ideal He develops the seemingly oxymoronic term religious secularity and uses it to describe the Islamic quest for a democratic secular state

Constitutional Democracy in Indonesia Melissa Crouch, 2022-11-25 Constitutional Democracy in Indonesia discusses the ongoing debates over the meaning implementation and practice of constitutional democracy in Indonesia Current legal issues are analysed in light of social political and economic reforms since the constitution's entering into force

Islam, Authoritarianism, and Underdevelopment Ahmet T. Kuru, 2019-08-01 Why do Muslim majority countries exhibit high levels of authoritarianism and low levels of socio economic development in comparison to world averages Ahmet T Kuru criticizes explanations which point to Islam as the cause of this disparity because Muslims were philosophically and socio economically more developed than Western Europeans between the ninth and twelfth centuries Nor was Western colonialism the cause Muslims had already suffered political and socio economic problems when colonization began Kuru argues that Muslims had influential thinkers and merchants in their early history when religious orthodoxy and military rule were prevalent in Europe However in the eleventh century an alliance between orthodox Islamic scholars the ulema and military states began to emerge This alliance gradually hindered intellectual and economic creativity by marginalizing intellectual and bourgeois classes in the Muslim world This important study links its historical explanation to contemporary politics by showing that to this day ulema state alliance still prevents creativity and competition in Muslim countries

Legal Pluralism in Muslim Contexts Norbert Oberauer, Yvonne Prief, Ulrike Qubaja, 2019-05-20 Approaches to legal pluralism vary widely across the spectrum of different disciplines They comprise normative and descriptive perspectives focus both on legal pluralist realities as well as public debates and address legal pluralism in a range of different societies with varying political institutional and historical conditions Emphasising an empirical research to contemporary legal pluralist settings in Muslim contexts the present collected volume contributes to a deepened understanding of legal pluralist issues and realities through comparative examination This approach reveals some common features such as the relevance of Islamic law in power struggles and in the construction of state or national identities strategies of coping with coexisting sets of legal norms by the respective agents or public debates about the risks induced by the recognition of religious institutions in migrant societies At the same time the studies contained in this volume reveal that legal pluralist settings often reflect very specific historical and social constellations which demands caution towards any generalisation The volume is based on papers presented at a conference in Münster Germany in 2016 and comprises contributions by Judith Koschorke Karen Meerschaut Yvonne Prief Ulrike Qubaja Werner de Saeger Ido Shahrar Katrin Seidel Konstantinos Tsitselikis Vishal Vora and Ihsan Yilmaz

Islamic Democratic Discourse M. A. Muqtedar Khan, 2006-05-11 There is a growing consensus among experts and the educated public alike that democratization will reduce the many problems of the Muslim world The question that remains is how Islam should be incorporated into the public sphere Islamic Democratic Discourse is in itself a dialogue that explores the multi faceted relationship between Islam and democracy Each chapter by a preeminent scholar of the Muslim tradition and its contemporary challenges provides insight into Islamic political thought and its connection to Western democracy Tamara Sonn and Tarek Ramadan consider the elements of government in classical Islam Osman Bakar and Ali Paya provide regional studies of the search for compatibility between Islam and democracy And finally editor Muqtedar Khan and Marc Lynch are among those who offer a global perspective on the discourse on Islam and democracy Unlike many recent efforts which seek to either underscore or dispute the compatibility of Islam and democracy this eclectic collection begins a comprehensive conversation on Islam s role in the public sphere and charts a course toward an authentic Islamic theory of democracy Islamic Democratic Discourse is a crucial addition to the libraries of scholars interested in the future of Islam in the modern world

What Is Moderate Islam? Richard L. Benkin, 2017-04-12 Radical Islam is a major affliction of the contemporary world Each year radical Islamists carry out terrorist attacks that result in a massive death toll almost all involving noncombatants and innocents Estimates of how many Muslims could be considered followers of radical Islam vary widely and there are few guides to help determine moderates versus radicals Observers often sit at the extremes either seeing all Muslims as open or closeted jihadis or recoiling from any attempt to link Islam with international terror Both positions are overly simplistic and the lack of rational principles to absolve the innocent and identify the accomplices of terror has led to governments and individuals mistakenly accepting jihadis as moderate What is Moderate Islam brings together an array of scholars Muslims and non Muslims to provide this missing insight This wide ranging collection examines the relationship among Islam civil society and the state The contributors including both Muslims and non Muslims investigate how radical Islamists can be distinguished from moderate Muslims analyze the potential for moderate Islamic governance and challenge monolithic conceptions of Islam
