Must Global Politics Constrain Democracy Great Power Realism Democratic Peace

Matthew S. Weinert

Must Global Politics Constrain Democracy Great Power Realism Democratic Peace:

Must Global Politics Constrain Democracy? Alan Gilbert, 2012-01-06 As each power vies for its national interests on the world stage how do its own citizens democratic interests fare at home Alan Gilbert speaks to an issue at the heart of current international relations debate He contends that in spite of neo realists assumptions a vocal citizen democracy can and must have a role in global politics Further he shows that all the major versions of realism and neo realism if properly stated with a view of the national interest as a common good surprisingly lead to democracy His most striking example focuses on realist criticisms of the Vietnam War Democratic internationalism as Gilbert terms it is really the linking of citizens interests across national boundaries to overcome the antidemocratic actions of their own governments Realist misinterpretations have overlooked Thucydides theme about how a democracy corrupts itself through imperial expansion as well as Karl Marx s observations about the positive effects of democratic movements in one country on events in others Gilbert also explodes the democratic peace myth that democratic states do not wage war on one another He suggests instead policies to accord with the interests of ordinary citizens whose shared bond is a desire for peace Gilbert shows through such successes as recent treaties on land mines and policies to slow global warming that citizen movements can have salutary effects His theory of deliberative democracy proposes institutional changes that would give the voice of ordinary citizens a greater influence on the international actions of their own government

Must Global Politics Constrain Democracy? Great-Power Realism, Democratic Peace, and Democratic Internationalism Alan Gilbert, 1999-01-01

Die Antinomien der Demokratie Oliver Hidalgo, 2014-03-08 Freiheit und Gleichheit Volkssouvernität und Repräsentation Individuum und Gemeinschaft sechs Paare solcher nicht aufzulösenden Gegensätze bilden in dieser Studie den roten Faden in der Betrachtung zentraler Streitpunkte der Demokratie von der Antike bis zur Gegenwart Der normative Anspruch der Demokratie erschließt sich uns erst dann so Hidalgo wenn wir sie an der Anerkennung der Gleichrangigkeit ihrer widersprüchlichen Ideale messen Die antinomische Struktur wird so zum Maßstab authentischer Demokratie Der Autor erprobt die politische Relevanz seiner Untersuchung zudem an aktuellen demokratietheoretischen Debatten etwa am Spannungsverhältnis zwischen Demokratie und Religion oder an der angeblichen postdemokratischen Bedrohung

Konturen der neuen Welt(un)ordnung Georg Kohler, Urs Marti, 2008-08-22 Die Gegenwart ist mit der Aufgabe konfrontiert vor dem Hintergrund des Streits über Nutzen und Nachteil der Globalisierung von Produktion Handel und Investition die Möglichkeiten politischen Handelns und politischer Verfassung neu zu beurteilen Die Ordnung der Welt nimmt neue Konturen an und dieser Transformationsvorgang nährt Spekulationen jeder Art Die einzelnen Beiträge untersuchen aus philosophischer und juristischer Perspektive die Transformation der Souveränität internationale Verrechtlichungstendenzen Kriterien globaler sozialer Gerechtigkeit sowie die Herausbildung berstaatlicher Verfassungsformen

Reframing the International Richard Falk, R.B.J. Walker, Lester Ruiz, 2013-10-08 Reframing the International insists that if we are to properly face the challenges of the coming century we need to re-examine

international politics and development through the prism of ethics and morality International relations must now contend with a widening circle of participants reflecting the diversity and unevenness of status memory gender race culture and class

Hunt the Devil Robert L. Ivie, Oscar Giner, 2015-07-15 Hunt the Devil explains the origins and processes of the repetitive American reflex to demonize and then wage war against perceived opponents as well as ways to break the cycle

Globalization and Capitalist Geopolitics Daniel Woodley, 2017-11-27 Globalization and Capitalist Geopolitics is concerned with the nature of corporate power against the backdrop of the decline of the West and the struggle by non western states to challenge and overcome domination of the rest of the world by the West This book argues that although the US continues to preside over a quasi imperial system of power based on global military preponderance and financial statecraft and remains reluctant to recognize the realities global economic convergence the age of imperial state hegemony is giving way to a new international order characterized by capitalist sovereignty and competition between regional and transnational concentrations of economic power This title seeks to interrogate the structure of world order by examining leading approaches to globalization and political economy in international relations and international political economy Breaking with the classical school Woodley argues that geopolitics should be understood as a transnational strategic practice employed by powerful state actors which mirrors predatory corporate rivalry for control over global resources and markets reproducing the structural conditions for corporate power through the transnational state form of capital In a period of increasing geopolitical insecurity and economic instability this title provides an authoritative yet accessible commentary on debates on capitalism and globalization in the wake of the financial crisis It is valuable resource for students and scholars seeking to develop a deeper understanding of the historical determinants of the changing dynamics of neoliberal capitalism and their implications for world order

Creating Insecurity Anthony D. Lott, 2019-10-01 In this absorbing book Anthony Lott develops a national security analysis that can be used to critique the policies of states His approach combines realist thought common to traditional security studies and a version of political constructivism common to critical security studies While the focus on human security remains integral the 9 11 attacks on New York demonstrate the importance of national security traditionally defined This book recognizes the importance of both components of security in a broader security dialogue After building a theoretical understanding of security the work examines four disparate security issues that currently engage policy makers in the United States the current discourse concerning ballistic missile defense the war on drugs in Colombia democratic challenges to economic globalization and the state response and the US led war to oust Saddam Hussein from power in Iraq The book is designed for upper division international relations courses in national security studies international politics and theory

Framing Foreign Policy in India, Brazil and South Africa Jörg Husar, 2016-05-04 This book analyses the India Brazil South Africa Dialogue Forum IBSA focusing on the communalities and differences in the way foreign policy is conceptualized in its member states Utilizing 83 interviews with foreign policy makers

and experts as well as the analysis of 119 foreign policy speeches the author traces key shifts in official foreign policy discourse In order to evaluate the degree of support for key IBSA Dialogue Forum concepts within national discourse the author also examines the interplay between official and broader societal discourses on foreign policy This analysis combines political science factors foreign policy role conceptions with linguistic factors thus enabling a qualitative and quantitative comparison of different framings of foreign policy Extensive empirical material collected during six months of field research in India Brazil and South Africa allows the author to present a differentiated account of their alleged like mindedness A History of International Political Theory Hartmut Behr,2009-12-18 Contemporary theory of international politics faces a twofold problem the critical engagement with legacies of national power politics in connection to 20th Century International Relations and the regeneration of notions of humanity This book contributes to this engagement by a genealogy of thoughts on war peace and ethics Raimo Väyrynen: A Pioneer in International Relations, Scholarship and Policy-Making Raimo Väyrynen,2023-01-03 This book provides a broad overview of Professor Raimo Väyrynen's academic work his role in international research organizations and his contributions to policy debates It offers an interesting review of important political issues during the time span of half a century from disarmament in Europe to the changing relationship between state sovereignty and transnational forces Väyrynen has dealt with the changing agenda of peace and international relations security and the arms race and the world economy This book provides comprehensive analyses of the regional and systemic structure of international relations with the emphasis on conflicts and warfare between nations It argues that while states even smaller ones still matter transnational issues are increasingly important Taking a historical perspective the articles suggest that large scale violence and arms races have been recurrent and cyclical phenomena in international relations These events reflect the deep seated inequalities in the political and economic systems which moreover vary considerably between regions The publication is important reading for any researcher as well as students policy makers and the science oriented public at large Traces the changing agenda of international relations from disarmament and the world economy to the changing relationship between state sovereignty and transnational forces Provides analyses of the regional and systemic structure in international relations with the emphasis on conflicts and warfare Argues that large scale violence and the arms race have been recurrent and cyclical phenomena in international relations Reviews important political issues from peace and conflict in Europe to the changing power relationship in the world **Political Thought and International Relations** Duncan Bell,2010-12-02 Political realism dominated the field of International Relations during the Cold War Since then however its fortunes have been mixed pushed onto the backfoot during 1990s it has in recent years retuned to the centre of scholarly debate Despite its prominence in International Relations however realism plays only a marginal role in contemporary international political theory It is often associated with a form of crude realpolitik that ignores the ethical dimensions of political life The contributors to this book explore alternative understandings of realism seeing it as a diverse

and complex mode of political and ethical theorising rather than simply a value neutral social scientific theory or the unreflective defence of the national interest A number of the chapters offer critical interpretations of key figures in the canon of twentieth century realism including Hans Morgenthau E H Carr and Reinhold Niebuhr Others seek to widen the lens through which realism is usually viewed exploring the writings of Martin Heidegger Hannah Arendt and Leo Strauss Finally a number of the contributors engage with general issues in international political theory including the meaning and value of pessimism the relationship between power and ethics the purpose of normative political theory and what might constitute political reality Straddling International Relations and political theory this book makes a significant contribution to both fields

Diplomatic Interventions K. Fierke, 2005-04-22 Diplomatic Interventions argues that war is a social construction In so doing it unsettles the definition of intervention as a coercive interference by one state in the affairs of another to examine the range of communicative or diplomatic practices which through their presence modify the experience of war The tension between claims that war is pervasive and that war is a social construct is analysed in relation to a range of moral legal military economic cultural and therapeutic interventions The concluding chapter highlights how the book itself is a critical intervention that requires us look at again from a new angle at international practice

Hans J. Morgenthau and the American Experience Cornelia Navari, 2017-11-24 This edited volume covers the development of the thought of the political realist Hans J Morgenthau from the time of his arrival in America from Nazi dominated Europe through to his emphatic denunciation of American policy in the Vietnam War Critical to the development of thinking about American foreign policy in the post war period he laid out the idea of a national interest defined in terms of power the precarious uncertainty of the international balance of power the weakness of international morality the decentralized character of international law the deceptiveness of ideologies and the requirements of a peace preserving diplomacy This volume is required reading for students of American foreign policy and for anyone who wishes to understand the single most important source of the ideas underpinning American foreign policy since the end of the Second World War

A Possible World Heikki Patomaki, Teivo Teivainen, 2004-10 Publisher Description

Global Governance in the Twenty-first Century J. Clarke, G. Edwards, 2004-09-08 The key challenges of globalization are diffuse and outside the control of any one state In its most ambitious and forward looking form global governance seeks to create an international social fabric albeit imperfect which cumulatively amounts to more than the sum of its parts Global Governance in the Twenty first century aims to open a number of new areas for further analysis and in particular to begin a process of cross fertilization between different disciplines examining issues related to global governance

Democratic Sovereignty Matthew S. Weinert, 2007-02-12 This new book argues that sovereignty generally defined as the supreme authority in a political community has a neglected democratic dimension that highlights the expansion of substantive individual rights and freedoms at home and abroad Offering an historically based assessment of sovereignty that neither reifies the state nor argues sovereignty and the state are eroding

under globalizing processes the book maintains that sovereignty norms have continually changed throughout the history of the sovereign state Matthew Weinert links international legal developments that restrict and coordinate sovereignty practices with an ethical undercurrent in International Relations one such example is the creation of the International Criminal Court in 2002 Drawing on seven additional historical case studies he outlines how campaigns informed by a commitment to the common good or at the very least by opposition to harmful state policies can be and have been efficacious in transforming the normative basis of sovereignty Democratic Sovereignty will be of great interest to students working in the fields of sovereignty international history ethics globalization and international relations *Geschichte des politischen Denkens* Henning Ottmann, 2017-01-06 Von Existentialismus und Existenzphilosophie über die Kritische Theorie der Frankfurter Schule Habermas und Popper zu Feminismus und Postmoderne Bei den utopischen Entwürfen kommen auch die Ideen der Belletristik zu Wort Zudem werden Rawls die new contractarians und der Kommunitarismus vorgestellt Ein Ausblick auf die globalisierte Welt **Globalization** Jan Aart Scholte, 2017-03-16 This highly acclaimed bestselling textbook quickly established itself as one of the leading texts on the subject worldwide in its 1st edition Now substantially revised and updated Scholte provides students with a comprehensive introduction to globalization and questions why this phenomenon has occurred to what extent it changes the world and whether it is a force for good or ill Accessibly written by a leading authority both as an academic researcher and a policy consultant this second edition draws on the author's research in more than 20 countries over 5 continents Split into 3 parts the text first outlines a critical framework for understanding globalization before exploring its impact on society and the key debates surrounding its normative impact Exploring questions such as what globalization is how it has emerged and what effect it has had on society this text is essential reading for undergraduate and postgraduate students seeking a thorough study of globalization New to this Edition A broader perspective on all the dimensions of globalization Makes use of the extensive new data and research findings since the first edition was released Draws more widely from other fields such as Business Studies Law and Economics **Theories of Democracy** Frank Cunningham, 2002 This descriptive more than prescriptive journey begins with an Anglo North American overview of the democratic terrain and then zooms in on specific democratic landscapes liberal classic pluralism catallaxy exchange economics applied to political science participatory democracy democratic pragmatism deliberative democracy and radical pluralism Democracy's place within a globalizing world occupies the last chapter Cunningham philosophy U of Toronto admits he leans toward democratic pragmatism as espoused in John Dewey's *The Public and Its Problems* 1927 Suitable for an introductory university course Distributed by Taylor Francis Annotation copyrighted by Book News Inc Portland OR

Must Global Politics Constrain Democracy Great Power Realism Democratic Peace Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Must Global Politics Constrain Democracy Great Power Realism Democratic Peace free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Must Global Politics

Constrain Democracy Great Power Realism Democratic Peace free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Must Global Politics Constrain Democracy Great Power Realism Democratic Peace free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Must Global Politics Constrain Democracy Great Power Realism Democratic Peace. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Must Global Politics Constrain Democracy Great Power Realism Democratic Peace any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Must Global Politics Constrain Democracy Great Power Realism Democratic Peace Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook's credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What's the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Must Global Politics Constrain Democracy Great Power Realism Democratic Peace is one of the best books in our library for free trial. We provide a copy of Must Global Politics Constrain Democracy Great Power Realism Democratic Peace in digital format, so the resources that you

find are reliable. There are also many Ebooks of related with Must Global Politics Constrain Democracy Great Power Realism Democratic Peace. Where to download Must Global Politics Constrain Democracy Great Power Realism Democratic Peace online for free? Are you looking for Must Global Politics Constrain Democracy Great Power Realism Democratic Peace PDF? This is definitely going to save you time and cash in something you should think about.
