The Biggest Scam in Human History Joyce Seagraves, 2021-03-01 My intention for writing this book is that it will enhance people s lives so they spend more time doing good instead of praying and wishing something will come to be To question all the stories we have been taught through are church leaders and our government s Think of all the time mankind has spent in churches temples mosque s and what they could have accomplished if they had put their energy into something that has been proven scientifically for the good of mankind The money people have spent in the church to hear a bunch of nonsense This time and money could have been spent on knowledge of science and helping out other people without the church To learn the real truth about mankind instead of worshipping people like Jesus Mohammad or a God that is make up with fictitious facts How many people have been killed for the sake of religion and how many wars have we fought over religious dogma Our civilization would be so advanced and maybe even civilized if we embraced science instead of religion We might have even wiped out famine war diseases by now and be living on another planet Our ancestors were ignorant of the world by no fault of their own after all we haven t evolved that long compared to the universe and we couldn t evolve until the conditions were right A world where we were one people instead of people divided my countries and religions that don t get along where women children and the oppressed are treated with respect and dignity I like to acknowledge all the scientists philosophers and all those who sought knowledge instead of fables I could never have written this book without the knowledge that has come before me and the research and dedication to finding out the real truth is beyond measurement The church wants you to give them your money so they can buy their gold chalices crosses feed them clothe them and build the most expensive

churches Wouldn't it be easier to cut out the middleman and go directly to the people Volunteers community services and prisoners can do the same work as the church and it would save a lot of money and time
