Predatory Data Anita Say Chan, 2025-01-07 Predatory Data illuminates the throughline between the nineteenth century's anti immigration and eugenics movements and our sprawling systems of techno surveillance and algorithmic discrimination With this book Anita Say Chan offers a historical globally multisited analysis of the relations of dispossession misrecognition and segregation expanded by dominant knowledge institutions in the Age of Big Data While technological advancement has a tendency to feel inevitable it always has a history including efforts to chart a path for alternative futures and the important parallel story of defiant refusal and liberatory activism Chan explores how more than a century ago feminist immigrant and other minoritized actors refused dominant institutional research norms and worked to develop alternative data practices whose methods and traditions continue to reverberate through global justice based data initiatives today Looking to the past to shape our future this book charts a path for an alternative historical consciousness grounded in the pursuit of global justice

A Little about A Lot Jeffrey Posnick, 2023-12-29 Did you know you can change someone's opinion about you by being nice to them Or that a business should first establish trust with its employees before it does so with its customers And you may think you want that job more than anything but you shouldn't want it badly enough to violate your conscience These are just a few small samplings of the kinds of wisdom packed inside A Little About a Lot Whether you're a student of life or just curious about things author Jeffrey Posnick's eclectic treasure of more than two hundred short topics from human behavior to the economy to the arts has something for everyone All that is

needed is a curious mind and a desire to learn So step away from yourself and pay attention to the details A Little About a Lot will help you along that journey of learning new things and hopefully you will discover more about yourself in the process
