existence The trauma ended but the burden of pain and fear follow him wherever he goes making for an awkward miserable experience Connor avoids interpersonal contact whenever possible and hides his past while one of his secrets in particular tears him apart from the inside In spite of his insistence that he be left alone he is befriended at school by one person with a big heart who takes a special interest in breaking him out of his shell but Connor refuses Yet when his personal life begins to spiral out of control he is thrust into the depths of his own psyche and disaster looks ready to strike again Connor is forced to make many hard decisions to improve his status and open himself up to friendship Unfortunately one of those choices has the complete opposite of the intended effect and threatens to ruin his life A blend of sarcastic humor and drama this young adult novel is a story of fear sacrifice and finding oneself
