Falsche Erinnerungen an sexuellen Missbrauch:
Die unterschätzte Gefahr Hans Delfs, 2024-04-09 Erinnerungen verändern sich im Lauf der Zeit weil sie immer wieder neu rekonstruiert werden Dabei können auch Erinnerungen an Erlebnisse entstehen die es niemals gab Die Arbeitsweise des Gehirns unterscheidet nicht zwischen realen und nur vorgestellten Inhalten Pseudoerinnerungen entstehen besonders leicht in Psychotherapien durch suggestive Spekulationen über erlittene Traumata wie sexuellen Missbrauch Die Therapierten sind von der Realität dieser falschen Erinnerungen fest überzeugt Sie leiden genauso wie wirklich Missbrauchte Sie machen Unschuldige dafür verantwortlich Familien werden zerstört Existenzen werden bedroht und es gibt nur Verlierer Besonders schlimm wird es wenn Verschwörungstheorien von rituellem Missbrauch und Opferprogrammierung dabei Pate stehen

The Rite Matt Baglio, 2009-03-10 The inspiration for the film starring Anthony Hopkins journalist Matt Baglio uses the astonishing story of one American priest s training as an exorcist to reveal that the phenomena of possession demons the Devil and exorcism are not merely a remnant of the archaic past but remain a fearsome power in many people s lives even today Father Gary Thomas was working as a parish priest in California when he was asked by his bishop to travel to Rome for training in the rite of exorcism Though initially surprised and slightly reluctant he accepted this call and enrolled in a new exorcism course at a Vatican affiliated university which taught him among other things how to distinguish between a genuine possession and mental illness Eventually he would go on to participate in more than eighty exorcisms as an apprentice to a veteran Italian exorcist His experiences profoundly changed the way he viewed the spiritual world and as he moved from rational skeptic to practicing exorcist he came to understand the battle between good and evil in a whole new light Journalist Matt Baglio had full access to Father Gary over the course of his training and much of what he learned defies explanation The Rite provides fascinating vignettes from the lives of exorcists and people possessed by demons including firsthand accounts of exorcists at work casting out demons culminating in Father Gary s own confrontations with the Devil Baglio also traces the history of exorcism revealing its rites and rituals explaining what the Catholic Church really teaches about demonic possession and delving into such related topics as the hierarchy of angels and demons satanic cults black

masses curses and the various theories used by modern scientists and anthropologists who seek to quantify such phenomena
 Written with an investigative eye that will captivate both skeptics and believers alike The Rite shows that the truth about
 demonic possession is not only stranger than fiction but also far more chilling *Kompendium Psychiatrie, Psychotherapie,

Rebirth in Early Buddhism and Current Research Bhikkhu Analayo, 2018-04-23 Join a rigorous scholar and Buddhist monk on a brisk tour of rebirth from ancient doctrine to contemporary debates German Buddhist monk and university professor Bhikkhu Analayo had not given much attention to the topic of rebirth before some friends asked him to explore the treatment of the issue in early Buddhist texts This succinct volume presents his findings approaching the topic from four directions The first chapter examines the doctrine of rebirth as it is presented in the earliest Buddhist sources and the way it relates to core doctrinal principles The second chapter reviews debates about rebirth throughout Buddhist history and up to modern times noting the role of confirmation bias in evaluation of evidence Chapter 3 reviews the merits of current research on rebirth including near death experience past life regression and children who recall previous lives The chapter concludes with an examination of xenoglossy the ability to speak languages one has not learned previously and chapter 4 examines the particular case of Dhammaruwan a Sri Lankan boy who chants Pali texts that he does not appear to have learned in his present life Rebirth in Early Buddhism and Current Research brings together the many strands of the debate on rebirth in one place making it both comprehensive and compact It is not a polemic but an interrogation of the evidence and it leaves readers to come to their own conclusions 50

Great Myths of Popular Psychology Scott O. Lilienfeld, Steven Jay Lynn, John Ruscio, Barry L. Beyerstein, 2011-09-15 50 *Great Myths of Popular Psychology* uses popular myths as a vehicle for helping students and laypersons to distinguish science from pseudoscience Uses common myths as a vehicle for exploring how to distinguish factual from fictional claims in popular psychology Explores topics that readers will relate to but often misunderstand such as opposites attract people use only 10% of their brains and handwriting reveals your personality Provides a mythbusting kit for evaluating folk psychology claims in everyday life Teaches essential critical thinking skills through detailed discussions of each myth Includes over 200 additional psychological myths for readers to explore Contains an Appendix of useful Web Sites for examining psychological myths

Features a postscript of remarkable psychological findings that sound like myths but that are true Engaging and accessible writing style that appeals to students and lay readers alike *The ^AMind Possessed* Emma Cohen,2007-08-09 The cognitive science of religion has made a persuasive case for the view that a number of different psychological systems are involved in the construction and transmission of notions of extranatural agency such as deities and spirits Until now this work has been based largely on findings in experimental psychology illustrated mainly with hypothetical or anecdotal examples In *The Mind Possessed* Emma Cohen considers how the psychological systems undergirding spirit concepts are activated in real world settings Spirit possession practices have long had a magnetizing effect on academic researchers but there have been few if any satisfactory theoretical treatments of spirit possession that attempt to account for its emergence and spread globally Drawing on ethnographic data collected during eighteen months of fieldwork in Bel m northern Brazil Cohen combines fine grained descriptions and analyses of mediumistic activities in an Afro Brazilian cult house with a scientifically grounded explanation for the emergence and spread of ideas about spirits possession and healing Cohen shows why spirit possession and its associated activities are inherently attention grabbing Making a radical departure from traditional anthropological medicalist and sociological analyses she argues that a cognitive approach offers more precise and testable hypotheses concerning the spread and appeal of spirit concepts and possession activities This timely book presents new lines of enquiry for the cognitive science of religion a rapidly growing field of interdisciplinary scholarship and challenges the theoretical frameworks within which spirit possession practices have traditionally been understood **PET**
