Museum Bodies The Politics And Practices Of Visiting And Viewing:

Museum Bodies Helen Rees Leahy, 2012 *Museum Bodies* discusses the politics and practice of visitor studies and the differentiation and exclusion of certain bodies on the basis of for example age gender educational attainment ethnicity and disability Museums are more than ever concerned with size demographic mix and the diversity of their audiences and the ways in which visitors engage with and respond to institutional space and content This wide ranging study of visitors embodied experience of the museum is long overdue

Museum Bodies Helen Rees Leahy, 2016-04-15 *Museum Bodies* provides an account of how museums have staged prescribed and accommodated a repertoire of bodily practices from their emergence in the eighteenth century to the present day As long as museums have existed their visitors have been scrutinised both formally and informally and their behaviour calibrated as a register of cognitive receptivity and cultural competence Yet there has been little sustained theoretical or practical attention given to the visitors embodied encounter with the museum In *Museum Bodies* Helen Rees Leahy discusses the politics and practice of visitor studies and the differentiation and exclusion of certain bodies on the basis of for example age gender educational attainment ethnicity and disability At a time when museums are more than ever concerned with size demographic mix and the diversity of their audiences as well as with the ways in which visitors engage with and respond to institutional space and content this wide ranging study of visitors embodied experience of the museum is long overdue

Handbuch Sound Daniel Morat, Hansjakob Ziemer, 2018-07-09 Dieses Handbuch bietet einen Überblick über Sound in den Kultur Geistes und Sozialwissenschaften Ausgehend von der Beobachtung dass Sound ein soziales und damit auch ein historisches Phänomen ist greifen die Autorinnen und Autoren die Vielfalt von Sound in unterschiedlichen Erscheinungs- und Darstellungsformen auf und verfolgen ihre Spuren in Geschichte und Gegenwart Sie skizzieren methodisch-theoretische Zugänge und Begriffe der Soundforschung und gehen auf disziplinäre Perspektiven und Traditionen ebenso ein wie auf einzelne akustische Phänomene Dabei werden spezifische Rhythmen genauso berücksichtigt wie die medialen und politischen Kontexte in denen Sound produziert und erfasst angeeignet und genutzt wird Das Handbuch gibt damit nicht nur eine breite Übersicht über die aktuelle Diskussion zu Sound sondern liefert auch vielfältige Anregungen für zukünftige Forschungen

The Anatomy Museum Elizabeth Hallam, 2008 *Anatomy museums* around the world showcase preserved corpses in service of education and medical advancement but they are little known and have been largely hidden from the public eye Elizabeth Hallam here investigates the anatomy museum and how it reveals the fascination and fears that surround the dead body in Western societies Hallam explores the history of these museums and how they operate in the current cultural environment Their regulated access increasingly clashes with evolving public mores toward the exposed body as demonstrated by the international popularity of the Body Worlds exhibition The book examines such related topics as artistic works that employ the images of dead bodies and the larger ongoing debate over the disposal of corpses Issues such as aesthetics and science organ and body donations and the dead body in Western religion and ritual

are also discussed here in fascinating depth The Anatomy Museum unearths a strange and compelling cultural history that investigates the ideas of preservation human rituals of death and the spaces that our bodies occupy in this life and beyond

Analysing Museum Display Christopher Whitehead,2024-09-30 Analysing Museum Display is the first comprehensive book to bring together approaches to studying museum displays Drawing on global examples it reviews different theoretical frameworks and methods charting major contributions to the field and exploring their potentials and limitations How and why should we study museum display and what is its nature as a complex form of representation The book argues that display is at once material experiential and political in producing knowledge and that analysis requires rigorous conceptualisation and careful methodologies It provides a critical guide to existing concepts and methods exploring how museum display can be understood using semiotic narrative cartographic and spatial analyses assemblage theory new materialist and multisensory approaches and theories of affect emotion and historical positioning Alongside this Whitehead presents key orientations for research practice relating to objectivity and subjectivity historical and contextual awareness and mixing methods Analysing Museum Display will be essential reading for scholars and students of museology at all levels The book will also appeal to museum curators and professionals who are involved in the production of displays and wish to develop a more theorised and reflective perspective on their own practice

City, Public Space, and Body Mahsa Alami Fariman,Chien Lee,Ahmadreza Hakiminejad,Asma Mehan,2025-11-18 City Public Space and Body offers a timely and interdisciplinary examination of how bodies experience shape and are shaped by urban life particularly in the wake of the COVID 19 pandemic Bringing together contributions from scholars artists and practitioners across diverse geographies the book explores the entangled relationships between urban space embodiment and publicness through a variety of methodological lenses including ethnography visual and performative arts and critical urban theory The book highlights underexplored themes such as gendered vulnerability spatial justice post pandemic public space and marginalized urban bodies in both Global North and Global South contexts By focusing on lived experience and embodied methodologies the book challenges dominant urban narratives and contributes fresh perspectives on space care power and resistance It will benefit readers seeking to rethink cities not merely as physical or functional entities but as affective and contested terrains of social life Designed for researchers students and professionals in urban studies sociology planning architecture gender studies and cultural geography this collection foregrounds the bodily and sensory dimensions of urban encounters spatial politics and everyday life

Women and museums 1850-1914 Kate Hill,2016-07-01 This book recovers the significant contribution made by women to museums not just in obvious roles such as workers but also as donors visitors volunteers and patrons It suggests that women persistently acted to domesticate the museum by importing domestic objects and domestic regimes of value as well as by making museums more welcoming to children and even by stressing the importance of housekeeping at the museum At the same time women sought masculine careers in science and curatorship but found such

aspirations hard to achieve their contribution tended to be kept within clear feminised areas The book will be of interest to those working on gender culture or museums in the period It sheds new light on women s material culture and material strategies education and professional careers and leisure practices It will form an important historical context for those working in contemporary museum studies

The Routledge Handbook of Museums, Heritage, and Death Trish Biers,Katie Stringer Clary,2023-07-26 This book provides a comprehensive examination of death dying and human remains in museums and heritage sites around the world Presenting a diverse range of contributions from scholars practitioners and artists the book reminds us that death and the dead body are omnipresent in museum and heritage spaces Chapters appraise collection practices and their historical context present global perspectives and potential resolutions and suggest how death and dying should be presented to the public Acknowledging that professionals in the galleries libraries archives and museums GLAM fields are engaging in vital discussions about repatriation and anti colonialist narratives the book includes reflections on a variety of deathscapes that are at the forefront of the debate Taking a multivocal approach the handbook provides a foundation for debate as well as a reference for how the dead are treated within the public arena Most important perhaps the book highlights best practices and calls for more ethical frameworks and strategies for collaboration particularly with descendant communities The Routledge Handbook of Museums Heritage and Death will be useful to all individuals working with studying and interested in curation and exhibition at museums and heritage sites around the world It will be of particular interest to those working in the fields of heritage museum studies death studies archaeology anthropology sociology and history

The Politics of Display Sharon Macdonald,2010-10-05 The assumption that museum exhibitions particularly those concerned with science and technology are somehow neutral and impartial is today being challenged both in the public arena and in the academy The Politics of Display brings together studies of contemporary and historical exhibitions and contends that exhibitions are never and never have been above politics Rather technologies of display and ideas about science and objectivity are mobilized to tell stories of progress citizenship racial and national difference The display of the Enola Gay the aircraft which dropped the atomic bomb on Hiroshima is a well known case in point The Politics of Display charts the changing relationship between displays and their audience and analyzes the consequent shift in styles of representation towards interactive multimedia and reflexive modes of display The Politics of Display brings together an array of international scholars in the disciplines of sociology anthropology and history Examples are taken from exhibitions of science technology and industry anthropology geology natural history and medicine and locations include the United States of America Australia the United Kingdom France the Netherlands and Spain This book is an excellent contribution to debates about the politics of public culture It will be of interest to students of sociology anthropology cultural studies museum studies and science studies
