Horace's Ars Poetica Jennifer Ferriss-Hill, 2019-11-12 A major reinterpretation of Horace s famous literary manual For two millennia the Ars Poetica Art of Poetry the 476 line literary treatise in verse with which Horace closed his career has served as a paradigmatic manual for writers Rarely has it been considered as a poem in its own right or else it has been disparaged as a great poet s baffling outlier Here Jennifer Ferriss Hill for the first time fully reintegrates the Ars Poetica into Horace s oeuvre reading the poem as a coherent complete and exceptional literary artifact intimately linked with the larger themes pervading his work Arguing that the poem can be interpreted as a manual on how to live masquerading as a handbook on poetry Ferriss Hill traces its key themes to show that they extend beyond poetry to encompass friendship laughter intergenerational relationships and human endeavor If the poem is read for how it expresses itself moreover it emerges as an exemplum of art in which judicious repetitions of words and ideas join disparate parts into a seamless whole that nevertheless lends itself to being remade upon every reading Establishing the Ars Poetica as a logical evolution of Horace s work this book promises to inspire a long overdue reconsideration of a hugely influential yet misunderstood poem

Cronin,1981-02-19 **Restoration and Eighteenth-Century Poetry 1660-1780 (Routledge Revivals)** Eric Rothstein,2014-10-10 Restoration and Eighteenth Century Poetry 1660 1780 originally published in 1981 considers poetry written between 1660 and 1780 a period which although largely recovered from its nineteenth century reputation still attracts widely varying critical responses Abandoning the old labels such as neoclassicism romanticism and sensibility the author focuses on descriptions of genres and their formal elements and traces the broader patterns of literary and historical change running through the period Eric Rothstein describes different poetic modes panegyric satire pastoral and topographical poetry the epistle and the ode to suggest their aesthetical possibilities as well as their process of change He also considers style and the uses of the past topics which have often caused particular problems for the students of the period What becomes clear is the extraordinary originality flexibility and power with which Restoration and eighteenth century poets handles the stylistic assumptions and the body of poems they inherited and employed in their own works

The Akroma File Linus Asong,2009-10-15 Faced with debts at home and threatened by poverty Akroma a brilliant and well educated Ghanaian using unorthodox means successfully gets into Cameroon He is bent on making a fortune Drawing on his tremendous presence of mind and capitalising on the early discovery that in Cameroon there is no conscience that money cannot buy this illegal alien travelling under three criminal identities builds up a great amount of wealth But he cannot buy the entire police force One police man Inspector Kum Dangobert will get even with him even if it means death The rest of this very readable novel is about what happens when the Ghanaian evil genius is pitted against the best Cameroonian police superintendent It is the clash of giants that ends in a cataclysm **Poetics of Emptiness** Jonathan Stalling,2010 Poetics of Emptiness traces the historically specific intertextual pathways of a single if polyvalent philosophical term emptiness as it is transformed within twentieth century American poetry and poetics This conceptual migration is detailed in two sections The

first focusing on transpacific Buddhist poetics discusses Ernest Fenollosa's *The Chinese Written Character as a Medium for Poetry* as an expression of Fenollosa's Buddhist poetics explores classical Chinese poetics as it was known by Fenollosa and talks about the role of emptiness in Gary Snyder. The second half on transpacific Daoist poetics explores the career of poet translator critic Wai lim Yip and engages the weave of post structural thought and Daoist and shamanistic discourses in Theresa Hak Kyung Cha. Formulating interpretive frames as hybrid as the texts being read this book unveils one of the most important yet still largely unknown stories of American poetry and poetics. [Konglanjo Bongasu-Tanla-Kishani, 2010](#) The Title poem relates to most important poetry of all ages. It reveals how in the search for right images metaphors and most apposite expressions we often find ourselves listening to the voice that bids us return to our own sources. Since the poet has discovered the right idioms he has throughout the poem undergone the process of depersonalization has indeed obtained objectivity. Little of himself is felt in the poem. He obtains this effect by the use of the appropriate voice. That of the priest at the ceremony. Professor Siga Asanga ABBIA Cameroon Cultural Review. *Thoughts on Death and Immortality* Ludwig Feuerbach, 2023-07-28. Never translated before. *Thoughts on Death and Immortality* was the first published work of Ludwig Feuerbach 1804-1872. The scandal created by portrayal of Christianity as an egoistic and inhumane religion cost the young Hegelian his job and to some extent his career. Joining philosophical argument to epigram lyric and satire the work has three central arguments: first a straightforward denial of the Christian belief in personal immortality; second a plea for recognition of the inexhaustible quality of the only life we have; and third a derisive assault on the posturings and hypocrisies of the professional theologians of nineteenth century Germany. This book identifies and describes facets of poetic inquiry: a research method, methodology, tool that uses poetry in the research process, information gathering, analysis and/or dissemination. Specifically, this book explores how and why it is in use, provides revelations around its unparalleled functions in research and presents an exemplification of a close reading approach trialled in the study framed in the book that can draw further knowledge from the products of poetic inquiry studies. Poetic inquiry studies are somewhat established and their findings are being published in academic journals and books; however, poetic inquiry is currently undertheorized and noticeably missing from notable research methods textbooks and publications that discuss the merits of arts-based research. This may have the negative result of knowledge being lost or overlooked that could hold answers to previously unanswered questions that exist across the disciplines. In response to this problem, this book drawing from the doctoral research study therein highlights poetic inquiry's theoretical underpinnings and pragmatic uses in research and scholarship that can be adopted and adapted by new and established scholars. This is done using the tenets of poetic inquiry as a frame and includes in-depth literature

review and an exploration of the findings of interview with four notable poetic inquiry scholars in education in Canada Detailed profiles for each participant have been created to analyze and emphasize their distinctive poetics and approaches to scholarship Lastly this book considers ways that poetic inquiry can inform teaching practices as poetry is seen to permeate the participants lives and influence their approaches to teaching at the post secondary level This book is written for both early career and well established scholars who have an interest in exploring ways that poetic inquiry which marries art and epistemology can enhance their research and teaching practices

Barbarous Antiquity Miriam Jacobson, 2014-10-13 In the late sixteenth century English merchants and diplomats ventured into the eastern Mediterranean to trade directly with the Turks the keepers of an important emerging empire in the Western Hemisphere and these initial exchanges had a profound effect on English literature While the theater investigated representations of religious and ethnic identity in its portrayals of Turks and Muslims poetry Miriam Jacobson argues explored East West exchanges primarily through language and the material text Just as English markets were flooded with exotic goods so was the English language awash in freshly imported words describing items such as sugar jewels plants spices paints and dyes as well as technological advancements such as the use of Arabic numerals in arithmetic and the concept of zero Even as these Eastern words and imports found their way into English poetry poets wrestled with paying homage to classical authors and styles In *Barbarous Antiquity* Jacobson reveals how poems adapted from Latin or Greek sources and set in the ancient classical world were now reoriented to reflect a contemporary mercantile Ottoman landscape As Renaissance English writers including Shakespeare Jonson Marlowe and Chapman weighed their reliance on classical poetic models against contemporary cultural exchanges a new form of poetry developed positioned at the crossroads of East and West ancient and modern Building each chapter around the intersection of an Eastern import and a classical model Jacobson shows how Renaissance English poetry not only reconstructed the classical past but offered a critique of that very enterprise with a new set of words and metaphors imported from the East

The Cameroonian Novel of English Expression. An Introduction A. Ambanasom, 2009-08-15 Initially considered something of a black sheep within the Anglophone Cameroon literary genres the Anglophone novel has gradually grown to carve out a respectable niche for itself in the Anglophone Cameroon sub system imposing itself in a way that makes it impossible for critics to ignore it Now a vibrant genre it even threatens to overtake drama and poetry both of which have enjoyed more critical attention This book is a study of how Anglophone Cameroon has contributed in extending the possibilities of the novel as a literary form and of some of the established conventions necessary for a fruitful evaluation of the growing body of the Cameroonian novel in English In this eclectic and compelling book Ambanasom sets out to achieve three primary objectives to introduce the reader to the

extensive body of Cameroonian novels in English to re examine the distorting and limiting criteria upon which the critical assessment of the Cameroonian novel in English has so far been based and to bridge the widening chasm between literary theory and actual critical practice To achieve these objectives Ambanasom begins by elaborating an alternative and flexible theoretical framework which he christens the Socio Artistic Approach and which according to him is concerned with both a text s thematic moral cultural or ideological issues on the one hand and its central literary analysis on the other He then proceeds to use this new critical framework to examine twenty seven major Cameroonian novels in English There are critical voices already emerging within the Anglophone Cameroonian literary circles calling for rigorous teaching and practice of theory in the interpretation of literary works setting in motion a critical discourse Such a call is salutary and welcome Those university lecturers whose responsibility it is to teach theoretical courses should take this call very seriously moving from theory to hands on practice This book is Ambanasom s contribution to that critical debate

Challenge of Culture in

Africa N. Fonlon, 2010-11-01 This book was first published as a two part essay in 1965 and 1967 in ABBIA Cameroon Cultural Review under the title Idea of Culture Its main argument is that indigenous Africans cultures must be the foundation on which the modern African cultural structure should be raised the soil into which the new seed should be sown the stem into which the new scion should be grafted the sap that should enliven the entire organism This culture the object of imperialist mockery and rejected needs rehabilitation However such rehabilitation of African culture cannot be a mere archaeological enterprise It will not answer to dig up the past and live it as it was Not only is African culture not without its imperfections times change and African culture must adapt itself at every turn to the changing times In restoring African culture it is imperative to steer clear of two extremes on the one hand the imperialist arrogance which declared everything African as only fit for the scrap heap and the dust bin and on the other hand the overly enthusiastic and rather naive tendency to laud every aspect of African culture as if it were the quintessence of human achievement
