Mutual Fund Investment Guide:

The Practical Guide to Managing Nonprofit Assets William F. Schneider, Robert A. DiMeo, Michael S. Benoit, 2005-03-18
The authors have provided an interesting and helpful resource to understand and manage the nonprofit organization's investments. I believe that this book should be in the library of all nonprofit practitioners that are concerned about prudent stewardship. Jim Croft PhD Vice President Finance and Administration The Field Museum Chicago Illinois This book is a straightforward well written guide to the strategies and administration of investment assets of nonprofit institutions. It relies on the principles of modern portfolio theory in emphasizing asset diversification performance measurement and careful manager selection. It debunks much of what passes for investment advice in the popular media. To their credit the authors describe the challenges factors and actors in the investment industry from the perspective of the individuals and committees charged by nonprofit institutions with investment oversight responsibility. John E. Allerson Senior Vice President Finance and Operations and Chief Financial Officer Roosevelt University Chicago Illinois I would consider this book Investments 101 for anyone who deals with overseeing investments of a company whether it is a profit or nonprofit. Yet at the same time it would help all investors small or large in dealing with their own individual portfolios. DiMeo Schneider Benoit et al have organized the book in such a way that each chapter deals with the very essence of how to structure an investment portfolio and how to look at the complex environment in an easy way. Kevin Higdon Vice President of Finance Elkhart General Hospital Elkhart Indiana From modern portfolio theory to the role of the fiduciary The Practical Guide to Managing Nonprofit Assets provides trustees of nonprofit funds with a chapter by chapter explanation of what they should know to carry out their responsibilities. For the uninitiated it creates a foundation for understanding investing in a difficult environment. For the experienced it serves as a checklist of issues to be considered in exercising appropriate investment oversight. Thomas H. Hodges Executive Vice President Finance and Treasurer Evanston Northwestern Healthcare Evanston Illinois Basic Investing Guide for the New Investor Alfred V. Scillitani, 2002 **A Teen Guide to Buying Mutual Funds** Marylou Morano Kjelle, 2013-09 The world of investments can be both confusing and intimidating but A Teen Guide to Buying Mutual Funds clearly explains what mutual funds are how they work and how to begin using them as an investment tool.
