Digital Intermediation Jonathon Hutchinson, 2023-05-31 Digital Intermediation offers a new framework for understanding content creation and distribution across automated media platforms a new mediatization process This book draws on empirical and theoretical research to carefully identify and describe a number of unseen digital infrastructures that contribute to a predictive media production process through technologies institutions and automation Field data is drawn from several international sites including Los Angeles San Francisco Portland London Amsterdam Munich Berlin Hamburg Sydney and Cartagena By highlighting an increasingly automated content production and distribution process this book responds to a number of regulatory debates on the societal impact of social media platforms It highlights emerging areas of key importance that shape the production and distribution of social media content including micro platformization and digital first personalities This book explains how technologies institutions and automation are used within agencies to increase exposure for the talent they manage while providing inside access to the processes and requirements of producers who create content for platform algorithms Finally it outlines user agency as a strategy for those who seek diversity in the information they access on automated social media content distribution platforms The findings in this book provide key recommendations for policymakers working within digital media platforms and will be invaluable reading for students and academics interested in automated media environments

Design, User Experience, and Usability: Design for Diversity, Well-being, and Social Development Marcelo M.

Soares, Elizabeth Rosenzweig, Aaron Marcus, 2021-07-03 This three volume set LNCS 12779 12780 and 12781 constitutes the refereed proceedings of the 10th International Conference on Design User Experience and Usability DUXU 2021 held as part of the 23rd International Conference HCI International 2021 which took place in July 2021 Due to COVID 19 pandemic the conference was held virtually The total of 1276 papers and 241 posters included in the 39 HCII 2021 proceedings volumes was carefully reviewed and selected from 5222 submissions The papers of DUXU 2021 Part II are organized in topical

sections named Experience Design across Cultures Design for Inclusion and Social Development Design for Health and Well being DUXU Case Studies Streaming Sounds Michael James Walsh, 2024-03-29 In a time when music streaming has become the dominant mode of consuming music recordings this book interrogates how users go about listening to music in their everyday lives in a context where streaming services are focused on not only the circulation of music for users but also the circulation of user data and attention Drawing insights directly from interviews with users music streaming is explained as never merely a neutral technology but rather one that seeks to actively shape user engagement Users respond to streaming platforms with some relishing these aspects that provide music to be drawn into daily activities while others show signs of resistance It is this tension that this book explores This unique and accessible study will be ideal reading for both scholars and students of popular music studies communication studies sociology media and cultural studies **Key Changes** Howie Singer, Bill Rosenblatt, 2023 Tells a new story about the history of the music business and the ten technological advances that disrupted it over the last century In recent years narratives about the music industry tend to hew to a common theme it was humming along for decades until the Internet and Napster came along and disrupted it Key Changes shows that this view is incorrect the industry was actually shaken up not once in the 1990s but ten times over more than 100 years These ten disruptions came with the introduction of new formats for enjoying recorded music starting with the cylinders and discs played on early phonographs then moving through radio LPs tapes CDs television digital downloads streaming and streaming video and then into Artificial Intelligence AI which enables a wide range of new capabilities with profound impacts upon the business This book devotes a chapter to each of these formats illustrating how such innovations beget shifts in creativity consumer behavior economics and law Each of the technological innovations covered in this book not only disrupted the music business but also fundamentally altered the industry's character And while the technologies themselves have evolved in unique and varied ways over the decades the changes within the business follow a clear pattern Veteran music industry professionals and music technology experts Howie Singer and Bill Rosenblatt illuminate this pattern through a framework they term the 6 Cs cutting edge technology channels of distribution creators consumers cash copyright This framework provides insight into how such disparate innovations similarly disrupted and transformed the music business in each era Extensively researched and supplemented by interviews with Grammy winning artists producers and executives the book provides an insightful perspective on the ways technology has fundamentally altered the music industry throughout history and into the present era *Acoustic Intelligence* Anna Schürmer, Maximilian Haberer, Tomy Brautschek, 2022-07-18 Durch die zunehmende Digitalisierung und kommunikative Vernetzung gesellschaftlicher Prozesse werden auch Fragen nach Überwachungstechnologien und Abwehrszenarien akut Intelligente Systeme wie Smartdevices oder virtuelle Sprachassistenten erzeugen riesige Datenmengen und erlauben somit hermeneutische Kurzschlüsse zwischen Big Brother und Big Data Für den Sammelband ist daher der Begriff Acoustic Intelligence leitgebend der einen Bedeutungshorizont von militärischem

Informationsgewinn und bewachendem H ren im Zusammenhang von Kunst und Gesellschaft er ffnet Hieraus folgen zum einen Perspektivierungen die das Ohrenmerk auf die Herausbildung akustischer bewachungs und Reglementierungsprozesse legen Zum anderen r cken bei einem weiteren Verst ndnis von Acoustic Intelligence auch maschinelle agencies in den Fokus beispielsweise in Form selbstlernender Algorithmen und k nstlicher Intelligenzen F r den Band stellen sich somit Fragen nach H rregimen techniken und Dispositiven wie auch nach der Autonomie von Kompositionen und H rger ten im Kontext elektronischer und digitaler Medien Dabei bewegen sich die Untersuchungsfelder und akustischen Ph nomene stets in einem semantischen Spannungsfeld zwischen H ren und Gehorchen
