Live Your Life for Half the Price Mary Hunt, 2015-08-11 It's the money you don't spend that ultimately gives you the freedom to live the life you love. You work hard for your money. You know you should save some, but it seems like every month something comes up that sets back your best laid plans. If you're tired of working hard just to get by, this user friendly guide shows you that you can slash the cost of nearly everything you need without sacrificing joy and quality of life. Mary Hunt shows you how to get off the monthly money roller coaster. She offers the specific techniques, resources, and motivation you need to keep more of your money every month, including finding money you didn't know you had, cutting your grocery bill by 50%, controlling the mother of all budget busters, avoiding fees, paying off your mortgage, saving on bills, preparing for disaster, paying less for your dream car, planning family vacations, and more. It's time to start saving, giving, and finally making financial progress, and with humor and compassion, Mary Hunt is leading the way. The Everything Couponing Book Karen Wilmes, 2012-02-18 Want to save money on the items you buy every week? Want to learn how to find deals without spending hours looking for them? Want to leave a store with money in your pocket? Then it's time to start couponing. Saving the most cash isn't just about clipping those paper coupons from your weekly newspaper. Today the couponing world is expanding with endless options like rewards cards, online coupons, loyalty programs, and group deals. But what should you choose to make the most impact on your budget? That's where The Everything Couponing Book comes in. This book, the most comprehensive of its kind, teaches you how to find incredible deals and stretch your purchasing power with a combination of coupons, rebates, rewards, points, and in-store sales. And you'll learn how to create your own game plan depending on how much time you have to devote to couponing. Inside you'll find money saving information on: How to read and interpret coupon fine print; Organizing a couponing system and locating the best deals; How to reduce the amount of time you spend looking for coupons and deals; Saving big on entertainment, travel, and dining; 100 budget friendly recipes that maximize each grocery dollar. With a focus on the rise of online and social media deals, The Everything Couponing Book is the most comprehensive couponing resource available. Lloyd, 2011-10-25 A hands on guide to the use of quantitative methods and software for making successful business decisions. The appropriate use of quantitative methods lies at the core of successful decisions made by managers, researchers, and students in the field of business. Providing a framework for the development of sound judgment and the ability to utilize quantitative and qualitative approaches, *Data Driven Business Decisions* introduces readers to the important role that data plays in understanding business outcomes, addressing four general areas that managers need to know about: data handling and Microsoft Excel, uncertainty, the relationship between inputs and outputs, and complex decisions with trade offs and uncertainty. Grounded in the author's own classroom approach to business statistics, the book reveals how to use data to

understand the drivers of business outcomes which in turn allows for data driven business decisions A basic non mathematical foundation in statistics is provided outlining for readers the tools needed to link data with business decisions account for uncertainty in the actions of others and in patterns revealed by data handle data in Excel translate their analysis into simple business terms and present results in simple tables and charts The author discusses key data analytic frameworks such as decision trees and multiple regression and also explores additional topics including Use of the Excel functions Solver and Goal Seek Partial correlation and auto correlation Interactions and proportional variation in regression models Seasonal adjustment and what it reveals Basic portfolio theory as an introduction to correlations Chapters are introduced with case studies that integrate simple ideas into the larger business context and are followed by further details raw data and motivating insights Algebraic notation is used only when necessary and throughout the book the author utilizes real world examples from diverse areas such as market surveys finance economics and business ethics Excel add ins StatproGo and TreePlan are showcased to demonstrate execution of the techniques and a related website features extensive programming instructions as well as insights data sets and solutions to problems included in the material Data Driven Business Decisions is an excellent book for MBA quantitative analysis courses or undergraduate general statistics courses It also serves as a valuable reference for practicing MBAs and practitioners in the fields of statistics business and finance Stores circular
