das digitale Fernsehen nicht zum Momentum sondern zum Skip Moment wird Of the various popular media television has received relatively little attention in German language academic discourse On one hand this is not surprising considering the still dominant and misleading distinction between high art E Kunst and popular art U Kunst On the other hand it may seem surprising for the same reasons The diverse TV formats prime time shows or Saturday evening programs in the history of German television can be seen as reflections of their broadcast time They reflect the expectations of their viewers and the changing TV audience from generation to generation an audience that is turning its back on linear television in favor of streaming services where digital television becomes not a moment to be savored but a moment to skip **Entitled**
