Intelligent Distributed Computing XI Mirjana Ivanović, Costin Bădică, Jürgen Dix, Zoran Jovanović, Michele Malgeri, Miloš Savić, 2017-10-03 This book presents a collection of contributions addressing recent advances and research in synergistic combinations of topics in the joint fields of intelligent computing and distributed computing It focuses on the following specific topics distributed data mining and machine learning reasoning and decision making in distributed environments distributed evolutionary algorithms trust and reputation models for distributed systems scheduling and resource allocation in distributed systems intelligent multi agent systems advanced agent based and service based architectures and Smart Cloud and Internet of Things IoT environments The book represents the combined peer reviewed proceedings of the 11th International Symposium on Intelligent Distributed Computing IDC 2017 and the 7th International Workshop on Applications of Software Agents WASA 2017 both of which were held in Belgrade Serbia from October 11 to 13 2017 Illegal Literature David S. Roh, 2015-12-31 What is the cultural value of illegal works that violate the copyrights of popular fiction Why do they persist despite clear and stringent intellectual property laws Drawing on the disciplines of new media law and literary studies *Illegal Literature* suggests that extralegal works such as fan fiction are critical to a system that spurs the evolution of culture Reconsidering voices relegated to the cultural periphery David S Roh shows how infrastructure in the form of legal policy

and network distribution slows or accelerates the rate of change He analyzes the relationship between intellectual property rights and American literature in two recent copyright disputes And in comparing American fan fiction and Japanese dojinshi he illustrates how infrastructure and legal climates detract from or encourage fledgling creativity Illegal Literature fills a crucial gap between the scholarly and the popular by closely examining several modes of marginalized cultural production Roh makes the case for protecting an environment conducive to literary heresy the articulation of an accretive rather than solitary authorial genius and the idea that letting go rather than holding on is important to a generative creative process In a media ecology inundated by unauthorized materials Illegal Literature argues that the proliferation of unsanctioned texts may actually benefit literary and cultural development

Easier RPG Publishing 2025 Peter Rudin-Burgess, 2024-12-28 Hints Tips and Thoughts on Publishing on DriveThruRPG Note Buying this title as the PDF will also give you the 2023 and 2024 versions of the PDF if you're interested in how the publishing process is evolving This book was born out of the DriveThruRPG.com Pocketquest game jam That is an annual game jam intended to bring new people into publishing I found myself sharing many of the lessons that I have learned the hard way to help people get the best start they can in this industry Someone made a joke that I should write this book as part of my little white easier book series and I thought why not The chances of you

making your living from writing for RPGs are slim to non-existent. Doubly so if you are an American but the chances of you making a noticeable difference to your quality of life are high. The contents are correct as of December 2024 and I have committed to updating this book as the DriveThruRPG site evolves, bugs get resolved, new bugs get introduced and the long-awaited new website and publisher tools will become available. Free or low-cost healthcare, education and state pensions make a huge difference to how much you really need to earn to survive.
