 perfekte UniversumsMarket A Fashion Retailer's Guide to Thriving in Turbulent Times Ghalia Boustani, Daniela
 Leonini, 2022-12-01 By raising questions and providing scenarios for success this book embraces fashion brand development
 in current turbulent retail environments A brand must have an essence it needs to respect a philosophy abide by values and
 follow clear processes A brand s success and sustainability follow specific rules nonetheless for fashion brands But do fashion
 brand management rules apply in today s turbulent times Acknowledging and going beyond branding theory this book
 challenges knowledge and practices that have been guiding fashion retail brands for many years Co written by an academic
 researcher and a retail consultant with 30 years of experience this practical guide offers not a process that fashion brands
 must follow but potential avenues for survival in today s retail market and facing today s customers Professionals and
 students of fashion retailing and branding will appreciate the detailed case studies that illustrate revisited concepts and
 thought provoking suggestions on how to make decisions for an uncertain future *Being Present* Jeanine W.

Roh,2015-12-31 What is the cultural value of illegal works that violate the copyrights of popular fiction Why do they persist despite clear and stringent intellectual property laws Drawing on the disciplines of new media law and literary studies Illegal Literature suggests that extralegal works such as fan fiction are critical to a system that spurs the evolution of culture Reconsidering voices relegated to the cultural periphery David S Roh shows how infrastructure in the form of legal policy and network distribution slows or accelerates the rate of change He analyzes the relationship between intellectual property rights and American literature in two recent copyright disputes And in comparing American fan fiction and Japanese dojinshi he illustrates how infrastructure and legal climates detract from or encourage fledgling creativity

Illegal Literature fills a crucial gap between the scholarly and the popular by closely examining several modes of marginalized cultural production Roh makes the case for protecting an environment conducive to literary heresy the articulation of an accretive rather than solitary authorial genius and the idea that letting go rather than holding on is important to a generative creative process In a media ecology inundated by unauthorized materials Illegal Literature argues that the proliferation of unsanctioned texts may actually benefit literary and cultural development

The Power of Ethics Susan Liautaud, 2021-01-05 The essential guide for ethical decision making in the 21st century The Power of Ethics depicts ethical decision making not in a nebulous philosophical space but at the point where the rubber meets the road Michael Schur producer and creator of The Good Place It s not your imagination we re living in a time of moral decline Publicly we re bombarded with reports of government leaders acting against the welfare of their constituents companies prioritizing profits over health safety and our best interests and technology posing risks to society with few or no repercussions for those responsible Personally we may be conflicted about how much privacy to afford our children on the internet how to make informed choices about our purchases and the companies we buy from or how to handle misconduct we witness at home and at work How do we find a way forward Today s ethical challenges are increasingly gray often without a clear right or wrong solution causing us to teeter on the edge of effective decision making With concentrated power structures rapid advances in technology and insufficient regulation to protect citizens and consumers ethics are harder to understand than ever But in The Power of Ethics Susan Liautaud shows how ethics can be used to create a sea change of positive decisions that can ripple outward to our families communities workplaces and the wider world offering unprecedented opportunity for good Drawing

on two decades as an ethics advisor guiding corporations and leaders academic institutions nonprofit organizations and students in her Stanford University ethics courses Susan Liautaud provides clarity to blurry ethical questions walking you through a straightforward four step process for ethical decision making you can use every day Liautaud also explains the six forces driving virtually every ethical choice we face Exploring some of today s most challenging ethics dilemmas and showing you how to develop a clear point of view speak out with authority make effective decisions and contribute to a more ethical world for yourself and others The Power of Ethics is the must have ethics guide for the 21st century **Holidays Around the World, 6th Ed.** James Chambers,2018-01-01 A comprehensive reference guide that covers over 3 500 observances Features both secular and religious events from many different cultures countries and ethnic groups Includes contact information for events multiple appendices with background information on world holidays extensive bibliography multiple indexes
