Finley, 2018-11-09 A comprehensive resource this book reviews current and historical examples of violence in film television radio music music videos video games and novels Despite decades of attention and various attempts to enact legislation that limits violence in American popular culture it remains ubiquitous across films television radio music music videos video games and popular fiction Studies have shown that programs marketed

to children are often remarkably violent and that viewing or otherwise consuming such violence has numerous negative effects on children's psychological health. This book sheds light on the scholarship related to violence in popular culture and compares historical and current examples analyzing popular shows such as *Game of Thrones* video games such as *Mortal Kombat* young adult fiction including the trilogy *The Hunger Games* and more. Not only does *Violence in American Popular Culture* provide a comprehensive review of the research about the effects of violence in media but it also offers detailed assessments of violent content in various expressions of popular culture. In addition, it invites readers to compare violence in American popular culture with that globally via entries on violence in popular culture outside the United States. An appendix of additional resources and primary sources gives readers further tools for deepening their understanding of this complex and controversial issue.

The Cultural Sociology of Reading María Angélica Thumala Olave, 2022-12-12. This book showcases recent work about reading and books in sociology and the humanities across the globe. From different standpoints and within the broad perspectives within the cultural sociology of reading, the eighteen chapters examine a range of reading practices, genres, types of texts, and reading spaces. They cover the Anglophone area of the United States, the United Kingdom, and Australia; the transnational multilingual space constituted by the readership of the Colombian novel *One Hundred Years of Solitude*; nineteenth-century Chile; twentieth-century Czech Republic; twentieth-century Swahili readings in East Africa; contemporary Iran; and China during the cultural revolution and the post-Mao period. The chapters contribute to current debates about the valuation of literature and the role of cultural intermediaries; the iconic properties of textual objects; and of the practice of reading itself: how reading supports personal, social, and political reflection; bookstores as spaces for sociability; and the interplay of high and commercial cultures; the political uses of reading for nation building and propaganda; and the dangers and gratifications of reading under repression. In line with the cultural sociology of reading's focus on meaning, materiality, and emotion, this book explores the existential, ethical, and political consequences of reading in specific locations and historical moments.

Ethical Problem-Solving and Decision-Making for Positive and Conclusive Outcomes Keough, Penelope D., 2019-01-25. Strategies for effective problem solving and decision making are efficient ways for professionals to solve the moral dilemmas that confront them in their daily practice. Feelings of wellbeing and positive outcomes often impeded by the failure to make decisions can result when strategies are developed from psychological theories and positive mindsets. *Ethical Problem Solving and Decision Making for Positive and Conclusive Outcomes* is a pivotal reference source that synthesizes major psychological theories to show that any moral dilemma can be solved by using the correct positive mindset based on psychological theory and superimposing a basic ethical template to reach a conclusive decision. While highlighting topics such as cultural identity, student engagement, and education standards, this book is ideally designed for clinical practitioners, psychologists, education professionals, administrators, academicians, and researchers. **Kindle**

Shaw,2016-08-31 This book constitutes the refereed proceedings of the Workshop on E Business WeB 2015 held in Fort Worth Texas USA on December 12 2015 The theme of WeB 2015 was Leveraging Service Computing and Big Data Analytics for E Commerce and thus the workshop provided an interactive forum by bringing together researchers and practitioners from all over the world to explore the latest challenges of next generation e Business systems and the potential of service computing and big data analytics The 11 full and 17 short papers which were selected from 45 submissions to the workshop addressed a broad coverage of technical managerial economic and strategic issues related to e business with emphasis on service computing and big data analytics They employed various IS research methods such as case study survey analytical modeling experiments computational models and design science Corporate Risks and Leadership Eduardo E. Mariscotti,2025-04-24 The context of business has been changing for companies in recent years and following numerous corporate and accounting scandals many countries have increased the number of national and international regulations designed to ensure transparency and compliance with the law Because of the existence of these new regulations the level of control the severity of sanctions by governments and the amount of fines for noncompliance have increased dramatically In parallel with the technological revolution in communications business management has become more transparent and any negative event is uploaded to social networks and shared with an indeterminate number of people This change in the regulatory sanctioning and technological context has forced large companies to rethink risks investments and budgets to deal with this more complex environment To transition to this change some companies have included ethics and compliance programs in their corporate

agenda along with marketing and sales plans strategies growth targets investment plans and or talent acquisition While each industry has its particular risks in this book the author describes the essential elements that any effective ethics and compliance program should contain This book is a source of information that connects yesterday with today The author shares observations and lessons of the past to suggest corporate leaders implement effective ethics and compliance programs to protect their organizations and themselves This book covers theories of ethics but with an eye focused on practical application Risks ethics and compliance are analyzed with an overall vision connected to the reality of business life without getting bogged down in abstract thinking or technical and regulatory details Ethics and compliance are disciplines that have increasingly achieved greater recognition in organizations Thus due to the importance of risk management in the business world and the necessary involvement of the CEO and the board of directors it seems appropriate that executives get access to this book about risks ethics compliance and human resources directed not only to compliance experts but also to any organizational leader This second edition offers various examples to cultivate ethical thinking and behavior identify common risks and comprehend their adverse effects on organizations

The Business of Being a Writer, Second Edition Jane Friedman, 2025-04-18 A thoroughly revised edition of the comprehensive guide to building and maintaining a successful career in writing Writers talk about their work in many ways as an art as a calling as a lifestyle Too often missing from these conversations is the fact that writing is also a business and those who want to make a living from their writing must understand the basic business principles underlying the industry The Business of Being a Writer offers the business education writers need but so rarely receive Jane Friedman is one of today's leading experts on the publishing industry Through her website social media presence online courses email newsletters and other media she helps writers understand how to navigate the industry with confidence and intentionality This book advises writers on how to build a platform in a way that aligns with their values how to spot critical mindset issues that might sabotage their efforts before they even begin how to publish strategically and what it means to diversify income streams beyond book sales For this second edition Friedman has updated every topic to reflect how the industry has evolved over the past half decade New features include a section on business and legal issues commonly faced by writers exercises at the end of each chapter and a wealth of sample materials posted on a companion website Reaching beyond the mechanical aspects of publishing The Business of Being a Writer will help both new and experienced writers approach their careers with the same creative spirit as their writing Friedman is encouraging without sugarcoating reality blending years of research with practical advice that will help writers market themselves and maximize their writing related income Her book will leave them empowered confident and ready to turn their craft into a sustainable career

dream but a reality in today's global economy As a creative your content can reach places you might never get to visit Your content can build you into a global figure and make you money even while you sleep It is possible to make a career out of content creation You get to travel around the world and sell globally Monetising your content and digital products can be quite complicated You might have found yourself asking these questions How do I know what people will be willing to pay for On what platforms do I sell my products to maximise sales How do I get paid on global international platforms How do I compete with all the big names in the industry How do I get good at selling How do I successfully launch my products Where do I start from Monetisation is indeed complicated and that is because the internet is very competitive This book is a comprehensive guide on how to Create Distribute and Monetise your content from any part of the world to every part of the world so you can make a killing doing what you love Be it E books Online Courses Podcasts or Written Content This book is broken down into six parts The first part paints a clear picture of why content is more relevant than ever today The second part focuses on Ideating Writing Editing Formatting Publishing and Distributing E books The third part focuses on Ideating Creating Recording Producing Distributing and Managing Online Courses The fourth part focuses on Ideating Recording Producing and Distributing Podcasts The fifth part focuses on Distributing and Monetising Written Content The sixth part focuses on Content Promotion leveraging diverse Digital Marketing channels both Organic and Paid An extra chapter deep dives into the process of setting up and managing personal websites without programming The book provides a step by step guide on the right way to launch any digital product E books Online Courses Podcasts and Written Content It removes the complication around monetising your content It will show you how best to come up with product ideas that people will be willing to pay for It will show you how to get your products on all the global platforms easily and get paid on them It will show you the process that goes into creating any form of a digital product *Is Self-Publishing For You?* Libi

Astaire,2014-05-27 If you're an author with a just finished manuscript or an aspiring author dreaming of one day writing a book that will make the bestseller list you probably know that getting to the last words of your story isn't the end of your book's story Once your book is written the next step is to get it published In this quick guidebook I'll take you beyond the hoopla and the hype to a down to earth look at your publishing options We'll look at the pros and cons of traditional publishing consider when a subsidy press might be a viable alternative and take an in depth look at what's really involved when an author decides to become the publisher of his or her book We'll also examine each step involved in the publishing process and come up with some sample budgets Then we'll discuss which publishing model might be best for you and your book You've worked hard on writing your book If you want to make an informed decision about your next step this book is for you **Jack Dillon** Mark Allen Baker,2025-02-10 In the weight sensitive sport of boxing Jack Dillon The Giant Killer was considered an anomaly Size was irrelevant besides it was only a factor if he accepted as such He refused Sturdy compact and indestructible yet capable of turning on a dime Dillon not only defeated his opponents he humiliated them This dynamic

defined his prolific and unparalleled career 1908 1925 His accepted record of 94 7 14 with 129 no decisions and one no contest 64 victories by way of knockout put him in elite company with other members of the International Boxing Hall of Fame While he claimed the middleweight championship for over two years the unrivaled Hoosier pugilist was often recognized as the world light heavyweight champion Moving up a division he disposed of heavyweight contenders like tissues during flu season On June 29 1916 Dillon defeated Frank Moran and was clearly the top contender for giant Jess Willard s heavyweight crown Yet Willard who outweighed Dillon by 60 pounds and was about a foot taller refused This first biography of the celebrated pugilist is based on contemporaneous newspaper accounts of the time and includes several appendices with career statistics and a selected boxing record

Getting Back to the Table Joshua N. Weiss, 2025-02-11 The co founder of Harvard s Global Negotiation Initiative and a renowned global guru in negotiations presents a dynamic strategy for overcoming stalled or failed negotiations that empowers individuals to return to the table with increased strength and resilience leveraging the setbacks they encountered When negotiations fail it can be hard to start over Some people give up others forget and move on but the truly successful negotiator learns Celebrated negotiation thought leader and member of the UN Negotiations team Joshua N Weiss introduces an evidence based model for when negotiations stall or fail Getting Back to the Table explores the reality of failure in negotiation It lays out the types of failure that can happen how to cope with it when it does and how we can be resilient in the face of it Using Weiss s easy to use framework readers can successfully get back to the negotiation table Failing in negotiations is inevitable but learning and growing from failure is not
