Data Mining Mobile Devices Jesus Mena, 2013-06-18 With today's consumers spending more time on their mobiles than on their PCs, new methods of empirical stochastic modeling have emerged that can provide marketers with detailed information about the products, content, and services their customers desire. Data Mining Mobile Devices defines the collection of machine sensed environmental data pertaining to human social behavior. It explains how the integration of data mining and machine learning can enable the modeling of conversation context, proximity sensing, and geospatial location throughout large communities of mobile users. Examines the construction and leveraging of mobile sites. Describes how to use mobile apps to gather key data about consumers' behavior and preferences. Discusses mobile mobs which can be differentiated as distinct marketplaces including Apple, Google, Facebook, Amazon, and Twitter. Provides detailed coverage of mobile analytics via clustering, text, and classification. AI software and techniques. Mobile devices serve as detailed diaries of a person continuously and intimately broadcasting where, how, when, and what products, services, and content your consumers desire. The future is mobile data mining. Starts and stops in consumers' pockets. Describing how to analyze Wi-Fi and GPS data from websites and apps. The book explains how to model mined data through the use of artificial intelligence software. It also discusses the monetization of mobile devices' desires and preferences that can lead to the triangulated marketing of content, products, or services to billions of consumers in a relevant, anonymous, and personal manner.

The Money Hackers Daniel P. Simon, 2020-04-14 Businesses, investors, and consumers are grappling with the seismic daily changes technology has brought to the banking and finance

industry The Money Hackers is the story of fintech's major players and explores how these disruptions are transforming even money itself Whether you've heard of fintech or not it's already changing your life Have you ever Venmoed someone Do you think of investing in Bitcoin even though you can't quite explain what it is If you've deposited a check using your iPhone that's fintech If you've gone to a bank branch and found it's been closed for good odds are that's because of fintech too This book focuses on some of fintech's most powerful disruptors a ragtag collection of financial outsiders and savants and uses their incredible stories to explain not just how the technology works but how the Silicon Valley thinking behind the technology ideas like friction hedonic adaptation democratization and disintermediation is having a drastic effect on the entire banking and finance industry Upon reading The Money Hackers you will Feel empowered with the knowledge needed to spot the opportunities the next wave of fintech disruptions will bring Understand the critical pain points that fintech is resolving through a profile of the major finsurgents behind the disruption Topic areas include Friction featuring founders of Venmo Aggregate and Automate featuring Adam Dell founder of Open Table and brother of Michael Dell and Rise of the Machines featuring Jon Stein founder of robo advisor Betterment Learn about some of the larger than life characters behind the fintech movement The Money Hackers tells the fascinating story of fintech how it began and where it is likely taking us

POW: Prisoner of Washington D. Brent Waltz, 2024-08-20 Ever wonder how you'd fare in federal prison For Indiana State Senator Brent Waltz this question became a shocking reality After spending sixteen years serving his community in the Indiana Senate he found himself being targeted by federal prosecutors who hoped he'd assist them in indicting his longtime friend a wealthy Donald Trump supporter and fundraiser When Waltz refused those same prosecutors turned their attention toward him resulting in a ten month sentence for an alleged campaign finance violation Waltz's 176 days incarcerated in the Ashland Federal Correctional Institution provided him far better insight into the American justice system than anything he learned as a senator On his eightieth day at Ashland after being locked in an 8 by 6 cell for ten days straight Waltz's fellow inmates proclaimed him the prison shot caller From this vantage point Waltz decided to record his firsthand account of being locked in federal prison He shares the widespread racism and abuse by guards inadequate medical care for inmates and rampant drug smuggling while also including some of the more humorous moments

from his ten month sentence Rather than being outraged by his treatment Waltz presents POW Prisoner of Washington in hopes that future leaders will demand better oversight of our justice system and the prosecutors who use their discretion to attack those with whom they view as dangerous to the political status quo and their own power
