Swifterature Elly McCausland, 2025-11-04 An exciting literary fusion of fandom and feminism Swifterature captures the special connection between English literature and the worldwide phenomenon of Taylor Swift Swifterature captures a unique fusion of different elements fandom feminism and a defense of both literature and popular culture The narrative is split into thirteen chapters that use Swift's lyrics as departure points The reader experiences the inspiring influence of English literature as Swift's lens breathes new vitality and urgency into older texts McCausland

also writes about her own experiences as she copes with intense media scrutiny and is forced to defend her academic integrity. She argues that Swift through her self-conscious engagement with classic works of literature and her extraordinary popularity invites us to reflect not only on the culture of our past but also of our present. Swifterature shows how Swift's place on the world's stage can teach us about many things from feminism to politics, nature to childhood. In the process, the book makes a compelling case that studying Taylor Swift also turns us into better readers not only of literature but of ourselves and each other.

Great Songwriting Techniques Jack Perricone, 2018. In *Great Songwriting Techniques*, veteran composer and teacher Jack Perricone shares years of experience in the art, science, and pedagogy of songwriting to teach readers the craft. Whether they write for a small group of friends or in the hopes of creating a smash hit, aspiring songwriters can learn how to focus on topics essential to their success in this competitive field. Perricone teaches readers to accomplish this through a targeted series of lessons on key elements of songwriting from building blocks like melody, harmony, and rhythm to more advanced topics like lyric placement and tone texture. Chapters explore loop-based harmonic patterns, tone tendencies, form, function, and lyric writing, all in service of preparing the aspiring songwriter to be a master of prosody and keen in understanding the relationship between words and music.
