Servlet & JSP: A Beginner's Tutorial Budi

Kurniawan, 2016-05-02 Servlet and JavaServer Pages JSP are the underlying technologies for developing web applications in Java. They are essential for any programmer to master in order to effectively use frameworks such as JavaServer Faces, Struts 2, or Spring MVC. Covering Servlet 3.1 and JSP 2.3, this book explains the important programming concepts and design models in Java web development as well as related technologies and new features in the latest versions of Servlet and JSP. With comprehensive coverage and a lot of examples, this book is a guide to building real world applications. **John Beilein**

at Michigan Tim Rooney, 2020-02-12 When John Beilein arrived at University of Michigan in 2007, the once proud men's basketball program was adrift after failing to reach the NCAA Tournament for nine straight seasons. Over the next twelve years, he became the program's all-time winningest coach, reached two national championship games, won four Big Ten championships, and produced eight NBA first-round draft picks. In an age of ethical lapses throughout college basketball, Beilein succeeded without a hint of impropriety. As much a teacher as a coach, he consistently identified undervalued recruits, taught them his innovative offensive system, and carefully developed them into better players, an approach to the game that drove his unprecedented rise from high school junior varsity coach to head coach of the Cleveland Cavaliers. This book examines his tenure at Michigan in detail for the first time. *Philosophy Reborn Part III: Science* Shawn Alli, Ideological

science will never lead to genuine growth. The peer-reviewed process is completely broken. Are you for or against climate change? You can back it up with peer-reviewed articles. Against GMOs? There are peer-reviewed articles for that as well. Are you for or against abortion? What about gene editing? AI? Global trade? Gun control? Unions? Education? Whatever issue you have, there's a peer-reviewed article that you can use to defend your beliefs. That's not objective science. That's ideological junk science. How do we fix the peer-reviewed process? What is animal consciousness? How does ESP work? Will technology enable the creation of a new human race? Are you a visionary scientist? Do you want people to accept GMOs, gene editing, cloning, and synthetic biology? You'll find the answers to all of these questions in Part III. *Baby Girl: Better Known as Aaliyah* Kathy

Iandoli, 2022-08-23 By twenty-two years old, Aaliyah had already accomplished a staggering amount: hit records, acclaimed acting roles, and fame that was just about to cross over into superstardom. Like her song, she was already more than a woman, but her shocking death in a plane crash prevented her from fully growing into one. Now two decades later, the full story of Aaliyah's life and cultural impact is finally and lovingly revealed. *Baby Girl* features never-before-told stories, including studio anecdotes, personal tales, and eyewitness accounts on the events leading up to her untimely passing. Her enduring influence on today's artists, such as Rihanna, Drake, Normani, and many more, is also celebrated, providing Aaliyah's discography, a cultural critique that is long overdue. Provided by publisher. **Molyvos** John Webb, 2023-10 Molyvos, a small seaside village

once home to fishermen and shepherds, but now a popular summer vacation destination, sits on the northern shore of the Greek island of Lesbos, along a four-mile wide stretch of the Aegean Sea, which separates Greece from Turkey. In the summer

of 2015 Molyvos became an epicenter of the mass migration of some 450 000 refugees mainly Syrians Afghans and Iraqis who crossed from Turkey fleeing war and brutal dictatorships in their home countries in search of safety in the European Union In Molyvos John Webb chronicles the dramatic and fearless efforts of a small band of people who carried out a homemade yet full fledged around the clock rescue operation until international NGOs began to arrive Between November 2014 and September 2015 Melinda McRostie owner of a restaurant in Molyvos s harbor her family and a small group of their friends as well as Eric and Philippa Kempson a skeleton coast guard crew some local fishermen and eventually summer tourists provided relief During those months they had no help from the outside not from Greece which was already mired in a serious fiscal crisis not from the EU which was struggling with its own economic and political issues and not from any international aid organizations Webb provides detailed accounts of refugees crossing the Mytilene Strait in both quiet and rough frigid waters in boats on the verge of sinking The Kempsons learned to guide the boats ashore and handled tragic landings in dangerous surf Ordinary residents of Molyvos rescued thousands of refugees and offered them clothes food shelter and counseling about where they could travel next in their search for safety and asylum As the tourism industry suffered a backlash began against the migrants and locals who were helping them leading to discord in the community Still as the ranks of refugees swelled the volunteer corps in Molyvos expanded its capacity to help

Late Night with Trump Stephen J. Farnsworth, S. Robert Lichter, 2019-11-15 Political humor has been a staple of late night television for decades The Trump White House however has received significantly greater attention than that of past presidents such as Barack Obama George W Bush and even Bill Clinton In response to Trump s strident politics late night comics including Stephen Colbert Jimmy Kimmel Trevor Noah and Jimmy Fallon have sounded key policy notes further blurring the boundary between news and satire Weekly humorists including John Oliver and Samantha Bee extend the critique with in depth probing of key issues while Saturday Night Live continues to tap the progression from outrage to outrageousness Using unique content analysis techniques and qualitative discussions of political humor Farnsworth and Lichter show how late night political humor and these seven programs in particular have responded to the Trump presidency Employing a dataset of more than 100 000 late night jokes going back decades these noted media scholars discuss how the treatment of Trump differs from previous presidents and how the Trump era is likely to shape the future of political humor The authors also employ public opinion survey data to consider the growing role these late night programs play in framing public opinion and priorities This book will interest scholars the curious public and students of politics communications and the media and contemporary American culture

Autoethnography in the 21st Century, Volume II Lisa Ortiz-Vilarelle, 2024-09-13 Autoethnography in the 21st Century offers interpretive analytic interactive performative experiential and embodied forms of autoethnography from around the globe Volume II Genealogy Memory Media Witness examines hybrid ethnographic life writing genres

including genealogical memoir cultural autotheory and family narrative Contributors actively blur the distinction between emic and etic classifications of ethnographic experience to position themselves as both the active bearers of and critical witnesses of culture to produce and analyze expressive rather than data driven depictions of selfhood and culture that emerge in the spaces between traditionally self effacing scientific methods and literary narrative It features autobiographical and anthropological poetics autotheory and fieldwork grounded in Trinidad Jordan Mexico Italy Australia Canada Scotland Egypt Turkey and the United States The book will be of interest to students and researchers in the fields of critical autoethnography communication cultural and gender studies and other related disciplines The chapters in this book were originally published as a special issue of *Life Writing*

Ground Combat Ben Connable, 2025 *Ground Combat* reveals the gritty details of land warfare at the tactical level and challenges the overly subjective and often inaccurate American approach to characterizing war Ben Connable's motivation for writing the book is to replace overly subjective analyses with an evidence based approach to examining war From analyzing a set of over 400 global ground combat cases Connable shows there has been a modest and evolutionary shift in the characteristics of ground combat from World War II through the early 2020s This evidence of gradual change repudiates the popular but often hyperbolic arguments about military technical revolutions and that there is a singular character of war in the modern era Connable identifies past and current weaknesses in military design and strategy examines common characteristics in modern ground combat from the data and reframes the debate over the historical and prospective impact of emerging technologies on war *Ground Combat* sets an evidentiary baseline and a new detail oriented standard for conflict research and policymaking

The 2020 Presidential Campaign Robert E. Denton Jr., 2021-06-10 As he has done for each presidential campaign since 1992 Robert E Denton Jr gathers a diverse collection of communications scholars to analyze specific areas of the most recent campaign season Topics include early campaign rhetoric the nomination process and conventions candidate strategies presidential debates political advertising the use of new media and coverage of the campaigns This volume looks at the 2020 presidential campaign from three perspectives The first section addresses the major political campaign communication areas including pre primary candidate surfacing the conventions the debates political advertising social media and news coverage of the campaign The second section includes two unique perspectives on political branding and the politics of food in the 2020 campaign The final section of the volume provides the broad overviews of campaign spending and finance as well as the national perspective of explaining the vote Thus the chapters cluster around the themes of campaign communication studies of unique or special topics relevant to the campaigns and the overall election

Epistemic Justice and Creative Agency Sarah Colvin, Stephanie Galasso, 2022-09-12 Foundational theories of epistemic justice such as Miranda Fricker's have cited literary narratives to support their case But why have those narratives in particular provided the resource that was needed And is cultural production always supportive of epistemic justice This essay collection written by experts in literary philosophical

and cultural studies working in conversation with each other across a range of global contexts expands the emerging field of epistemic injustice studies The essays analyze the complex relationship between narrative aesthetics and epistemic in justice referencing texts film and other forms of cultural production The authors present without seeking to synthesize perspectives on how justice and injustice are narratively and aesthetically produced This volume by no means wants to say the last word on epistemic justice and creative agency The intention is to open out a productive new field of study at a time when understanding the workings of injustice and possibilities for justice seems an ever more urgent project

Anthem of Misogyny Ibtissam Bouachrine, 2022-10-03 Anthem of Misogyny The War on Women in North Africa and the Middle East argues that misogyny which operates through an interconnected network of ideologies institutions beliefs aesthetics and cultural trends is too complex and too deep rooted to eradicate with superficial changes Like a national anthem misogyny in North Africa and the Middle East has acquired a sacred status It is accepted uncritically and woven effortlessly into daily practices creating a community of men of different ages educational levels and socioeconomic backgrounds who are united in their sense of entitlement to evaluate scrutinize deter question and expose women For women it is as if they are in a state of perpetual war forever on the verge of being accused of deviating from the norms and being punished These norms however are neither clear nor predictable This study of misogyny is written against a dominant orthodoxy in Western feminism Critics are accused of gendered orientalism savior complexes and even Islamophobia if they dare to bring up misogyny and gender based violence in North Africa and the Middle East in contexts other than calling it a Western created issue Rather than exaggerate Western agency this book is invested in making Muslim agency visible There are narratives of violence and injustice that produce discomfort anger and even despair These stories deserve to be told and those behind the injustices are entitled to an unfiltered portrayal because the non West too is deserving of unapologetic feminist critique
