Game of E-Commerce Rose Bay,2023-05-30 Game of E Commerce primary goal is to simplify the selling process on Amazon USA global platforms divulge consumer product trade secrets benefit an endowment of divergent thinking real life consumer products What s the definition of a leader One who provides solutions In addition to intellectual property powers afforded by Amazon to protect sellers this literature offers an array of private label concepts that may be developed by any individual In that sense they re open source patents The brilliant Elon Musk acknowledged that Tesla s intellectual property data are open source patents That means that any individual or entity may build a car using Mr Musk s patents For what reason To make the world a greener place That was Mr Musk s response In that charitable gracious generous environment Game of E Commerce also allows all concepts provided in this book to be developed by any individual Express permission is hereby given To illustrate a scenario where intellectual property is utilized wouldn t it be possible to develop popular computer programs that respond to a person s eye movement The way this would work is for the computer s camera to follow eye movement take commands when a specific time interval has elapsed This is when the eye is aimed at a certain command such as save document This would save immense time energy to all consumers The purpose of this literature is to raise the bar for all interested parties It s impossible to raise the sea level with a few drops of water however a

tumultuous tropical rainstorm may raise the sea level by myriads Tropical storms aren't positive encounters however the concept of raising the level for all humanity is relevant positive It's important to learn from the bad utilize the bad for good purposes Empower the bad for the good via transformation The question arises what's the transformation process By inspecting the negative attributes of the bad finding solutions that transform them into good That is the definition of a true leader
