Matchmakers David S. Evans,Richard Schmalensee,2016-05-03 A different kind of matchmaker Many of the most dynamic public companies from Alibaba to Facebook to Visa and the most valuable start ups such as Airbnb and Uber are matchmakers that connect one group of customers with another group of customers Economists call matchmakers multisided platforms because they provide physical or virtual platforms for multiple groups to get together Dating sites connect people with potential matches for example and ride sharing apps do the same for drivers and riders Although matchmakers have been around for millennia they re becoming more and more popular and profitable due to dramatic advances in technology and a lot of companies that have managed to crack the code of this business model have become today s power brokers Don t let the flashy successes fool you though Starting a matchmaker is one of the toughest business challenges and almost everyone who tries to build one fails In *Matchmakers* David Evans and Richard Schmalensee two economists who were among the first to analyze multisided platforms and discover their principles and who ve consulted for some of the most successful platform businesses in the world explain how matchmakers work best in practice why they do what they do and

how entrepreneurs can improve their chances for success Whether you re an entrepreneur an investor a consumer or an executive your future will involve more and more multisided platforms and Matchmakers rich with stories from platform winners and losers is the one book you ll need in order to navigate this appealing but confusing world **Showmen's Motion Picture Trade Review** ,1940 **American Justice in Taiwan** Stephen G. Craft,2016-01-29 On May 23 1957 US Army Sergeant Robert Reynolds was acquitted of murdering Chinese officer Liu Ziran in Taiwan Reynolds did not deny shooting Liu but claimed self defense Reynolds s acquittal sparked a series of riots across Taiwan In *American Justice in Taiwan* author Stephen G Craft provides the first comprehensive study of the causes and consequences of the Reynolds trial and the ensuing protests *Zimbabwe's Trajectory* V. Masunungure,2020-11-11 At Independence in 1980 Julius Nyerere called Zimbabwe the jewel of Africa and cautioned its new leaders not to tarnish it Tragically they paid no heed to Africa s esteemed elder statesmen Arguably and only if one ignores the carnage of Gukurahundi the first decade was a developmental one with resources being used prudently to benefit the formerly disadvantaged majority population However the 1990s witnessed a transition from a developmental to a predatory leadership which saw Zimbabwe cross the millennial line in crisis where it has remained ever since While many African countries have moved forward over the last three decades Zimbabwe has gone relentlessly backwards save for the four year interregnum of the tripartite coalition government 2009 2013 Virtually all development indicators point in the wrong direction and the crisis of poverty unemployment and the erosion of health education and other public goods continues unabated The imperatives of political survival and power politics supersede those of sound economics and public welfare Moreover unless good politics are conjoined with a sound people first policy the country will continue sliding downhill *Zimbabwe s Trajectory* tells the story of the country s post independence dynamics and its recent descent into becoming one of the three most unhappy countries in the world
