connectivity it comes not from protecting the value of content at all costs but from unearthing related opportunities close by and it comes not from mimicking competitors best practices but from seeing choices as part of a connected whole Digital change means that everyone today can reach and interact with others directly We are all in the content business But that comes with risks that Bharat Anand teaches us how to recognize and navigate Filled with conversations with key players and in depth dispatches from the front lines of digital change The Content Trap is an essential new playbook for navigating the turbulent waters in which we find ourselves Praise for The Content Trap A masterful and thought provoking book that has reshaped my understanding of content in the digital landscape Ariel Emanuel co CEO WME IMG The Content Trap is a book filled with stories of businesses from music companies to magazine publishers that missed connections and could never escape the narrow views that had brought them past success But it is also filled with stories of those who made strategic choices to strengthen the links between content and returns in their new master plans The book is a call to clear thinking and reassessing why things are the way they are The Wall Street Journal The Accidental Startup Danielle Babb, Ph.D., MBA.,2009-05-05 Create your own job security A wealth of info for prospective entrepreneurs With unemployment rates rising many people are out of work and many more are either underemployed or in fear of losing their jobs Many of these workers have long thought of owning their own businesses and are pondering whether self employment is the right choice This book will help them make the call and go about the process of starting and running their own businesses by learning how to Determine if it makes financial sense to leave the corporate world behind Assess whether they have what it takes to be self employed Identify the market for their business and test whether it s viable Calculate start up costs and revenue streams before making any investments Understand the strengths and weaknesses of the Competition Advertise and market the business **Answers to Questions Nobody Was Askin'** Tim Sample,2015-01-05 Maine humor icon Tim Sample gives us a new collection of short essays and monologues about his growing up and living in Maine and throughout his long entertainment career His wide range of subjects include things that could happen Only in Maine how his dad invented the SUV his long friendship with horror master Stephen King the pitfalls of Maine s fifth season mud and the right way to eat a lobster Part whimsical anecdote part hard won wisdom these stories are imbued with Sample s distinct wry Yankee wit
