Connected Histories Eva Pfanzelter, Dirk Rupnow, Éva Kovács, Marianne Windsperger, 2024-09-23 The World Wide Web WWW and digitisation have become important sites and tools for the history of the Holocaust and its commemoration Today some memory institutions use the Internet at a high professional level as a venue for self presentation and as a forum for the discussion of Holocaust related topics for potentially international transcultural and interdisciplinary user groups At the same time it is not always the established institutions that utilise the technical possibilities and potential of the Internet to the maximum Creative and

sometimes controversial new forms of storytelling of the Holocaust or more traditional ways of remembering the genocide presented in a new way with digital media often come from people or groups who are not in the realm of influence of the large memorial sites museums and archives Such private stagings have experienced a particular upswing since the boom of social media This democratisation of Holocaust memory and history is crucial though it is as yet undecided how much it will ultimately reinforce old structures and cultural regional or other inequalities or reinvent them The Digital space as an arbitrary and limitless archive for the mediation of the Holocaust spanning from Russia to Brazil is at the centre of the essays collected in this volume This space is also considered as a forum for negotiation a meeting place and a battleground for generations and stories and as such offers the opportunity to reconsider the transgenerational transmission of trauma family histories and communication Here it becomes evident there are new societal intentions and decision making structures that exceed the capabilities of traditional mass media and thrive on the participation of a broad public

Media Messages in the 2022 Midterm Election John Allen Hendricks, Dan Schill, 2025-04-29 The 2022 midterms marked a transformative moment in American politics as the combined influence of legacy media and social platforms reached new heights Traditional outlets like television news and print journalism set the stage while a vast digital ecosystem spanning Facebook TikTok YouTube and more enabled campaigns to amplify messages on issues like abortion rights the economy and immigration As these platforms shaped the voter experience in a fragmented and often polarized media environment campaigns and citizens harnessed their power to reach diverse audiences and build momentum across both established and emerging channels This book offers a compelling scholarly exploration of these dynamics revealing how communication across traditional and digital media shaped an election forecasted as a Republican red wave but instead delivered unexpected narrower results Through detailed analyses data driven research and case studies from high profile races this book uncovers how media strategies influenced voter behavior shaped public discourse and framed electoral outcomes Essential for academics political analysts and media professionals this work provides crucial insights into the evolving role of media in U S elections and the weighty implications for future democratic engagement
