Students' Guide to Colleges Jordan Goldman, Colleen Buyers, 2005-08-02 College guides are a must for any teenager trying to choose the right school Unfortunately most guidebooks are vague boring tomes written by administrators and journalists instead of the real experts the college students that actually go there Students Guide to Colleges is different Entirely student written and edited this invaluable resource cuts through the cant with comprehensive listings of the vital statistics and requirements for America's top 100 schools accompanied by three totally honest fresh fun to read descriptions penned by attending undergrads from different walks of life Want to know how big classes really are How rigorous the academics get Or how greek or granola chill or up tight homogenous or diverse gay or straight a campus really is Lively irreverent and insightful the Students Guide to Colleges is the only guidebook that offers multiple perspectives on each school and tells it like it is so that college applicants can make the best choice when deciding where they want to spend their college years More than 30 000 students surveyed Preface by Chuck Hughes former senior dean of admissions at Harvard University

Tuition Rising Ronald G. Ehrenberg, 2009-07-01 America's colleges and universities are the best in the world They are also the most expensive Tuition has risen faster than the rate of inflation for the past thirty years There is no indication that this trend will abate Ronald G Ehrenberg explores the causes of this tuition inflation drawing on his many years as a teacher and researcher of the economics of higher education and as a senior administrator at Cornell University Using incidents and examples from his own experience he discusses a wide range of topics including endowment policies admissions and financial aid policies the funding of research tenure and the end of mandatory retirement information technology libraries and distance learning student housing and intercollegiate athletics He shows that colleges and universities having multiple relatively independent constituencies suffer from ineffective central control of their costs And in a fascinating analysis of their response to the ratings published by magazines such as U S News World Report he shows how they engage in a dysfunctional competition for students In the short run colleges and universities have little need to worry about rising tuitions since the number of qualified students applying for entrance is rising even faster But in the long run it is not at all clear that the increases can be sustained Ehrenberg concludes by proposing a set of policies to slow the institutions rising tuitions without damaging their quality

College Rankings Guide Open Now: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the captivating narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. College Rankings Guide Open Now : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. College Rankings Guide Open Now : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and suspenseful novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
