Measuring Up in Higher Education Anthony Welch, Jun Li, 2021-05-03 This book examines the quality assessment movement in academic scholarship as globalization prompts a search for global measures of university services and output It gauges productivity in terms of universal publication metrics and considers ranking and research productivity from a comparative perspective The book considers the use of the impact factor as a gauge of publication value noting that this is less important in countries lacking central government appropriations to universities and to research It argues that pressure to publish in certain journals and to research topics of interest to English language readers has been felt differentially in English language systems compared to others but also that performance pressures fall more on younger more junior contract staff than on senior and tenured professors It problematizes international comparisons of quality and analyses the benefits of a zone of ideas and metrics in a common language promoting international mobility efficiency collaboration but also the costs which are rarely borne equally across countries languages and cultures The book provides a strong evidence based contribution to major debates in contemporary higher education reforms and the measurement of academic output

Debates in Doctoral Education Fiona

Hallett, 2025-03-31 *Debates in Doctoral Education* offers a comprehensive examination of contemporary doctoral programmes exploring the challenges and opportunities that shape them. Split into three key sections, the book addresses fundamental debates covering topics such as the massification of doctoral programmes, inclusivity, ethical considerations, postgraduate researcher development, and the complexities of doctoral supervision. These comprehensive discussions lay the groundwork for thinking about the character of doctoral education and its broader implications. The book then shifts its focus to the challenges of supervising doctoral candidates. It examines the delicate balance that both supervisors and students must maintain throughout the doctoral journey, including considerations of preparedness, motivation, peer interactions, and the academic environment. It also explores the specific challenges of professional practice doctorates and the examination of PhD theses. Designed to inspire academics to navigate the ever-evolving world of doctoral education and explore the broader implications of doctoral study, this book will provide a valuable resource for anyone involved in or interested in doctoral education, highlighting the intricacies and dynamics of this critical aspect of higher education.
