Cyber Persistence Theory Michael P. Fischerkeller,Emily O. Goldman,Richard J. Harknett,2022 A bold re conceptualization of the fundamentals driving behavior and dynamics in cyberspace Most cyber operations and campaigns fall short of activities that states would regard as armed conflict In Cyber Persistence Theory Michael P Fischerkeller Emily O Goldman and Richard J Harknett argue that a failure to understand this strategic competitive space has led many states to misapply the logic and strategies of coercion and conflict to this environment and thus suffer strategic loss as a result The authors show how the paradigm of deterrence theory can neither explain nor manage the preponderance of state cyber activity They present a new theory that illuminates the exploitive rather than coercive dynamics of cyber competition and an analytical framework that can serve as the basis for new strategies of persistence Drawing on their policy experience they

offer a new set of prescriptions to guide policymakers toward a more stable secure cyberspace **Impatience Is a Virtue**
Eve Morton,2023-11-11 After Marshall gets a medical residency across the state and hours away from his boyfriend Jack the two decide on a long distance relationship This arrangement works more or less Marshall isn't the best with texting and his time is often scattered but so is Jack's when he's working double shifts at Target When they connect over Skype and text messages it's good And when they don't Jack finds other ways to keep their relationship interesting and the excitement present But when Black Friday forces both of them to work hectic schedules and deal with impatient crowds Jack soon wonders if spending Thanksgiving apart was really a good idea During the massive Black Friday event Jack's coworkers amuse him with customer service horror stories take selfies which go viral online and rewrite traditional Christmas songs It's fun but even their friendships seem strained under the holiday season As Marshall's text messages become less and less frequent Jack wonders if the two of them will be able to wait out the three weeks and six days until they can see one another over Christmas break When everyone tells Jack patience is a virtue he starts to realize the faulty argument at its core Being quiet has never gotten him anything in his life But maybe if he can learn from these bossy customers just how to voice his own desires he could have Marshall home and all to himself **Loving My Actual Christmas** Alexandra

Kuykendall,2017-09-05 The Christmas season is a particularly difficult time for women to slow down and relish what's right in front of them An annual marker for many it is a holiday that can often remind us how life is not going as we'd planned Our family relationships remain strained our finances stretched and our schedules stuffed with too much to do in too little time Following the formula of her successful *Loving My Actual Life* Alexandra Kuykendall shares with readers her own personal experiment to be completely present in her life as it is during the holiday season Addressing the themes of Advent and Christmas she reflects on hope love joy peace and relishing the season with practical pullouts on common Christmas stressors such as finances schedules and extended family Kuykendall's signature candor helps women go easy on themselves remember what truly matters and find joy in their imperfect Christmases **Conquering the Content** Robin M.

Smith,2014-09-22 Put your course online now without sacrificing pedagogical quality *Conquering the Content A Blueprint for Online Course Design and Development Second Edition* is a highly practical guide to creating online courses With guidance on incorporating learning theory into online course content as well as a host of templates learning guides and sample files this book furnishes instructors and instructional designers with the information and tools they need to design and develop their course content to better serve online students This second edition introduces relevance statements and time saving tips as well as content maps which provide a scaffold for content organization and help students anchor the topics in their memories for retrieval Readers will gain expert insight and best practices for designing within the rapidly changing online learning environment and learn to incorporate recent advances that can improve student outcomes Because the book is designed to focus on online teaching pedagogy it won't go out of date as specific tools change Nearly one third of all students

in higher education are taking at least one online class and online hybrid classes are becoming more widespread Distance learning is becoming the norm but creating an online class is more complex than just posting course content on a website Conquering the Content demonstrates how instructors can best revamp their course content to suit the online learning environment and provides the tools and resources instructors need to transfer their effectiveness from the classroom to the online environment Learn how to Create student friendly navigation structures that support what is known about the brain and learning Organize content based on priority flow and easy navigation Create assessments that work within the parameters of an online course Chunk information to facilitate better processing Time is of the essence in getting a course online but it s important that pedagogy not get lost in the crush of new content Course design is just as critical as course content when it comes to distance learning outcomes and Conquering the Content provides a holistic and practical approach to effective online course development
