Technofeudalism Yanis Varoufakis, 2023-09-28 What an amazing piece of work this is Ground breaking thought provoking and highly accessible Everyone should read it The dark scary exciting song of our age 100 out of 100 IRVINE WELSH Capitalism is dead Welcome to technofeudalism In his boldest and most far reaching book the visionary economist and number one bestselling author Yanis Varoufakis shows how the owners of big tech became the world s feudal overlords replacing capitalism with a fundamentally new system that enslaves our minds defies democracy and rewrite the rules of global power But as Varoufakis also reveals technofeudalism contains new opportunities to thwart and overturn it bringing into focus more clearly than ever the revolution we need to escape our digital prison An epochal once in a millennium shift this isn t just new technology This is the world grappling with an entirely new economic system and therefore political power Observer An urgent demand to seize the means of computation CORY DOCTOROW A FINANCIAL TIMES BEST BOOK OF THE YEAR The Media Economy Alan B. Albarran, 2023-11-30 This fully updated third edition analyzes the media industries and their activities from macro to micro levels using concepts and theories to demonstrate the role the media plays in the economy as a whole This textbook breaks new ground through its analysis of the rapidly changing and evolving media economy from two unique perspectives First the book explores how media industries function across global national household and individual levels of society Second it assesses how key forces such as technology globalization regulation and consumer aspects are constantly evolving and influencing media industries This new edition incorporates thoroughly updated theory and research as well as expanded case studies that include examples from international markets such as Asia Europe and Latin America It builds on the contributions of the previous edition by providing new references and current data to define and analyze today s media markets and offers a more expansive assessment of streaming business models as well as the effects of Covid 19 on the media economy Written in an accessible style and presenting a holistic global perspective of the role of media in the global economy the textbook provides crucial insights for students and practitioners of media economics media management and media industries *Robots That Love* Judith A. Markowitz, 2025-10-30 In a world of increasingly sophisticated AI the relationship between creator and creation has shifted Robot lovers coexist with humans and the boundaries of emotion and consciousness are blurred This book considers the fundamental challenge of imbuing robots with the capacity to experience love delving into the consequences of loving robots that can only feign reciprocation and philosophical questions about sentience and consciousness Other forms of artificial lovers are also discussed ranging from ChatGPT and Samantha from the 2013 film *Her* to a variety of sex dolls monsters golems and romanceable characters in dating simulation games Such entities encompass an array of sexual and gender identities as well as gender biases involved in creating the perfect artificial companion and developing AI systems These biases often perpetuated by deep learning algorithms underscore the need for critical reflection amid the evolution of AI La France made in USA Arthur
