Services in Primary Care Settings Donna Mauch, 2011-04 In 2005-06 a study identified the barriers to and solutions for RMHS. This study was divided into two parts. The first part is a White Paper background report which identifies the barriers to successful provision of RMHS. The second part convened an Expert Forum who reviewed the White Paper and suggested actions to reduce those barriers. This Final Report incorporates their deliberations and addresses the following: Describes the purpose and rationale of the project; Outlines the project's tasks; Details findings from the White Paper; Summarizes the June 2006 Expert Forum discussion and Provides suggested actions to the Federal government on steps to overcome existing or perceived barriers to RMHS. Guidelines for Nursing Excellence in the Care of Children, Youth, and Families Second Edition Cecily Betz, Marilyn Krajicek, Martha Craft-Rosenberg, 2017-10-28 First Edition Designated a Doody's Core Title and Winner of an AJN Book of the Year Award. This distinguished title written by nationally recognized nursing experts in health care and pediatrics delivers the most current evidence-based practice standards and their application. These guidelines developed through systematic consensus building led by the AAN's Child Adolescent and Family Expert Panel incorporates the wisdom of 17 professional nursing and healthcare organizations regarding the core elements of pediatric nursing excellence. This second edition contains substantial updates to all guidelines based on the most current research evidence and demonstrates examples of how to best apply the guidelines to nursing practice. Disseminating the gold standard of care for infants, children, adolescents, and families, this text addresses access to health care, genetic assessment and counseling, culturally responsive care, care for children and youth with disabilities, and others. Every chapter breaks down a guideline into its definition, history, and implications for clinical education, policy, and research in nursing practice. A case study based around the analyzed guideline illustrates how the guideline should be employed in nursing practice. Culminates every chapter. Replete with supplemental online files full of resources to apply these guidelines to nursing practice. Guidelines for Nursing Excellence in the Care of Children, Youth, and Families represents an invaluable resource for pediatric nurses, nursing students, nursing educators, nursing administrators, pediatric and family nurse practitioners, advanced practice nurses, nursing clinicians in public health, school nurses, and nurse researchers. New to the Second Edition: Significant updates to all 17 guidelines based on latest research evidence; Contributions by five new nursing and health care organizations; A new chapter: organizational framework incorporating useful pedagogical elements; Examples of applications to education, research, policy, and clinical practice; A new faculty toolkit.
