Dictionary.com Some people use the term in reference to a life that involves and is a product of wealth and luxury while others interpret it as simply being a simplified life unburdened from stress and responsibilities. The term is often used in reference to moments that achieve this ideal even if one's entire life does not or in aspirational statements about the kind of life a person wants to live. I am going to teach you what I wish I knew when I was in my H1 early twenties. I wish I knew how to take care of myself. I wish I would've could've should've. But now I am going to teach you how to be happy and have the best soft life possible. This book will teach you how to find the best partner and care for yourself. You do not want to be an uneducated unskilled person with no prospects. You want to have the soft life. The goal is to have a life of simplicity and easy flow. You want your mind, body, and spirit to be at ease. Surround yourself with positive people who add to your life and do not deduct from it. A career that gives you a paycheck and not just headaches and stress. Peace of mind and quality items around you. Resist the doom and gloom of the outside world.
