Adulting Financially for Millennials Zach Yereb, 2017-08-04 OK soooooo what do we do with our money Our education system may think its important to teach topics such as physics and the Pythagorean theorem but I think that for the 98% of Americans that will never use it we need to cover the things 100% of Americans need like balancing your budget and understanding your credit score you know that thingy you need to buy a house with In this book we will talk about that jackass of an elephant in the room oh geez not Clinton or Trump see what I did there credit card debts and student loans the things that give you the equivalent turbulent feeling of walking into the bathroom on a commercial airline flight simultaneously as the captain announces hes turning the Fasten Seatbelt sign back on due to rough weather What about life insurance Retirement Im going to touch on everything youre worried about but not like a creepy doctor Let me just make one thing clear my intent is for you to understand you need to put a financial plan in place and that you need a financial advisor Everyones financial situation is different and everyone needs help These are my own opinions correct opinions mind you Statements and or opinions in this publication are my own and are not affiliated or a reflection on the Department of Defense

in rehab relearning his motor skills He thinks he's cheated the Grim Reaper yet again This convinces him that he's meant for a special purpose in life or at least that's what his new visions and voices tell him Ian's life journey takes a startling twist once he is back on his own He begins filling journals upon journals with events only he can interpret But it's when he starts his new revolutionary website and then begins video taping some of his intentions that Ian comes to the immediate attention of Homeland Security What he suggests on his site for the coming New Year shoots him straight to the top of Homeland's watch list Once a sterling example of an against all odds success story Ian is now forced to hide from authorities who consider him having gone rogue though his site continues to grow as a voice of the people Fast paced and informative this is the story of Ian
