Yoga, Or, Transformation William Joseph Flagg,1898

Globalization and Modernity in Asia Chris Hudson,Bart

Barendregt,2025-10-01 Much has been said regarding the global flows of information that are characteristic of modernity it has been frequently stressed that these conduits are so deeply embedded that local or national environments may be imagined as having a global span Thus while we are now well aware that the imagination is integral to global cultural processes questions still arise about how the imagination of life with a global span is made possible at the level of everyday social practices This book examines performative interventions that can generate a re imagining of local publics both spatially grounded and mediatized and help to renegotiate the connection between the local and the global After the performative turn of the 1960s it has been understood that shared experience of performance as event or spectacle can transform interpretations of the global and the local and create new meanings and this book continues in the direction of this important tradition while also fully expanding on its consequences **Ayurveda Beginner's Guide** Susan

American literature is heading as we approach the twenty first century E Ethelbert Miller Emerge To Love and Let Go Rachel Brathen,2019-09-17 Rachel beautifully illustrates that loving fiercely and grieving deeply are often two halves of the same whole Her story will break you down and lift you up Glennon Doyle author of the 1 New York Times bestseller Love Warrior and founder of Together Rising While on her way to teach a yoga retreat in March 2014 Rachel Brathen collapses at an airport brought to her knees by excruciating stomach pains She is rushed to the hospital on the tiny island of Bonaire and hours later forced to undergo surgery When she wakes up from anesthesia her boyfriend is weeping at her bedside While Rachel was struck down with seemingly mysterious pain her best friend Andrea sustained fatal injuries as a result of a car

accident Rachel and Andrea had a magical friendship Though they looked nothing alike one girl tall blond and Swedish the other short brunette and Colombian everyone called them gemelas twins Over the three years following Andrea s death at what might appear from the outside to be the happiest time with her engagement to the man she loves and a blossoming career that takes her all over the world Rachel faces a series of trials that have the potential to define her life Unresolved grief and trauma from her childhood make the weight of her sadness unbearable At each turn she is confronted again and again with a choice Will she lose it all succumb to grief and grasp for control that s beyond her reach Or can she move through the loss and let go When Rachel and her husband conceive a child pregnancy becomes a time to heal and an opportunity to be reborn herself As she recounts this transformative period Rachel shares her hard won wisdom about life and death love and fear what it means to be a mother and a daughter and how to become someone who walks through the fire of adversity with the never ending practice of loving hard and letting go
