How to use ChatGPT Bernhard Gaum, 2023-03-29 How to use ChatGPT is a comprehensive guide to understanding and utilizing one of the most powerful natural language processing NLP models available today. Developed by OpenAI, ChatGPT is a state-of-the-art model that uses a transformer-based architecture and pre-training on a massive amount of text data to generate human-like text. This book is designed to provide readers with a solid understanding of ChatGPT, including its capabilities and potential use cases. It begins with an overview of the model and its development and then goes on to provide step-by-step instructions for setting up and using the model. We also delve deeper into the techniques for adapting ChatGPT to specific tasks and domains, such as fine-tuning the model through pre-training, transfer learning, and data augmentation. In addition to providing the basics, this book also covers advanced topics related to using ChatGPT, including different parameters and settings that can be used to control the model's behavior and more complex use cases, such as generating code or composing music. We also showcase some of the most successful and innovative applications of the model, including case studies and real-world examples. The book concludes with a discussion of the limitations and challenges of using ChatGPT in practical settings and resources for further learning and exploring the model. Whether you are a business professional, researcher, developer, or simply someone who is interested in natural language processing, this book will provide you with the knowledge and tools you need to effectively use ChatGPT in your work. *ChatGPT and other Generative AI Tools* Hem Raj, 2025-07-30 This book delves into the revolutionary advancements in artificial intelligence, particularly focusing on ChatGPT. It simplifies complex AI concepts for a broader audience. The book covers the history, development, and functionalities of ChatGPT, highlighting its potential applications across various industries. It aims to provide a comprehensive understanding of how ChatGPT works, its impact, and its future implications. It includes areas of application for ChatGPT, capabilities, a list of diverse sources used for training, and a comparison between ChatGPT 3.5 and ChatGPT 4. It also discusses OpenAI's approach to AI ethics and safety, basic and serious interactions with ChatGPT, and brainstorming topics for webinars or workshops. Additionally, it covers writing headlines for social media posts, designing custom graphics for ads, interesting Excel prompts, different types of prompts and their tonality, context, style, and engagement types. The book also includes a list of cue words, types of prompts, and chain of thoughts. **80 Ways to Use ChatGPT in the Classroom** Stan Skrabut, 2023-01-31 What is the impact of ChatGPT on your classroom? Should you be concerned? Should you use it or not?
