2021 8th European Conference on Social Media Dr Christos Karpasitis,2021-07-01 Conference Proceedings of 8th European Conference on Social Media **Cybercrime and Digital Deviance** Roderick S. Graham,'Shawn K. Smith,2019-09-10 *Cybercrime and Digital Deviance* is a work that combines insights from sociology criminology and computer science to explore cybercrimes such as hacking and romance scams along with forms of cyberdeviance such as pornography addiction trolling and flaming Other issues are explored including cybercrime investigations organized cybercrime the use of algorithms in policing cybervictimization and the theories used to explain cybercrime Graham and

Smith make a conceptual distinction between a terrestrial physical environment and a single digital environment produced through networked computers Conceptualizing the online space as a distinct environment for social interaction links this text with assumptions made in the fields of urban sociology or rural criminology Students in sociology and criminology will have a familiar entry point for understanding what may appear to be a technologically complex course of study The authors organize all forms of cybercrime and cyberdeviance by applying a typology developed by David Wall cybertrespass cyberdeception cyberviolence and cyberpornography This typology is simple enough for students just beginning their inquiry into cybercrime Because it is based on legal categories of trespassing fraud violent crimes against persons and moral transgressions it provides a solid foundation for deeper study Taken together Graham and Smith s application of a digital environment and Wall s cybercrime typology makes this an ideal upper level text for students in sociology and criminal justice It is also an ideal introductory text for students within the emerging disciplines of cybercrime and cybersecurity **Social Media Audit**

Urs E. Gattiker, 2012-10-28 Social media has drastically improved the way we can reach target audiences and serve our customers Like its financial counterpart the social media audit SMA can be described as a formalized review of an organization s social media activities However contrary to financial audits social media audits are not guided by government regulations or a set of professional rules and standards This book will address social media marketing issues using a cost benefit approach while presenting a systematic approach to review the organization s social media activities Using the checklists and templates provided in this book will enable readers to conduct an audit that helps identify target areas for performance improvement and recommendations for how to achieve these objectives Social media platforms discussed include Facebook LinkedIn Google Plus Twitter Tumblr and Xing
