Come As You Are: Revised and Updated Emily Nagoski, 2021-03-02 A revised and updated edition of Emily Nagoski's game-changing New York Times bestseller *Come As You Are* featuring new information and research on mindfulness, desire, and pleasure that will radically transform your sex life. For much of the 20th and 21st centuries, women's sexuality was an uncharted territory in science, studied far less frequently and far less seriously than its male counterpart. That is until Emily Nagoski's *Come As You Are*, which used groundbreaking science and research to prove that the most important factor in creating and sustaining a sex life filled with confidence and joy is not what the parts are or how they're organized, but how you feel about them. In the years since the book's initial publication, countless women have learned through Nagoski's accessible and informative guide that things like stress, mood, trust, and body image are not peripheral factors in a woman's sexual wellbeing; they are central to it, and that even if you don't always feel like it, you are already sexually whole by just being yourself. This revised and updated edition continues that mission with new information and advanced research, demystifying and decoding the science of sex so that everyone can create a better sex life and discover more pleasure than you ever thought possible.

The History of Science Fiction and Its Toy Figurines Luigi Toiati, 2023-12-21 This eye-opening book deserves a spot on the bookshelves of anyone who not only enjoys collecting but also has a great interest in all facets of the history of our hobby. Toy Soldier Collector: Science fiction, as the name suggests, is the combination of science and fantasy. In addition to a literary form, it also encompasses film, TV, comics, toys, and our beloved toy astronauts or other figures such as aliens, monsters, and other playable genres. The term science fiction was coined by publisher Hugo Gernsback around the first decades of the last century to refer to the predominantly space adventures covered in his magazines. Space invaded radio, cinema, TV, and consequently, for a long time, toy figurines were predominantly space-related, later evolving into other themes. This lavishly illustrated book covers both the history of literary science fiction, following in the footsteps of contemporary official criticism, and toy figurines inspired by science fiction. You will also find several other themes, such as the link between science fiction figures and cinema, radio, TV, comics, and more. Luigi Toiati offers to both guide the reader on an often nostalgic walk through science fiction in all its various forms and to describe the figurines and brands associated with it.

The Better Decision Pekka Hannula, 2024-08-22 How to live our life better and worse. We'll get a lot of advice from our family and friends, but they live their own lives. We can listen, but more important is to know how to advise yourself. If you know yourself, the thought is clear, and even in a difficult situation, the advice is the best possible. *The Better Decision* asks how we relate to matters affecting us: our health, work, companion, friends, our own culture. We make every day, often even at night, decisions related to these. If they are better rather than worse, we can say to ourselves that life suits us. If you want to help your companion, family member, or a friend to make right decisions, please give her/him *The Better Decision*. Remember to sign it. **Making Decisions** When making decisions for life, it's good to ask the right questions. **Relationships** A bad sign in a

relationship is not so much that partners argue but that they don't laugh together About the Author Pekka Hannula is the main author of The Better Decision He was a biologist for many years and has also written over 20 books which include Keys to Top Breeding Vol 1 3 Hannula is especially proud of the circulation of this series which sold successfully within 64 countries He is also a proud father of Saana who is now an A student of 18 years It was always his dream to share this new book with her as a legacy a memory of what they have accomplished together *Book Prizes & Awards for Indie Authors* Alliance of Independent Authors,2024-01-18 Are you an indie author who wants to win an award for your writing and publishing You can Indie authors have long been excluded from the most prestigious book prizes awards and competitions but the awards scene is changing According to Hannah Jacobson founder of BookAwardPro com Over 92% of all book awards are available to indie and self published authors including many that are for indie authors only This short guide provides the latest updates and shares with you Types of awards and prizes Awards open to indie authors How to enter book awards If you'd like to get your foot in the awards scene door Book Prizes Awards for Indie Authors will show you the way **The Business of Being a Writer, Second Edition** Jane Friedman,2025-04-18 A thoroughly revised edition of the comprehensive guide to building and maintaining a successful career in writing Writers talk about their work in many ways as an art as a calling as a lifestyle Too often missing from these conversations is the fact that writing is also a business and those who want to make a living from their writing must understand the basic business principles underlying the industry The Business of Being a Writer offers the business education writers need but so rarely receive Jane Friedman is one of today's leading experts on the publishing industry Through her website social media presence online courses email newsletters and other media she helps writers understand how to navigate the industry with confidence and intentionality This book advises writers on how to build a platform in a way that aligns with their values how to spot critical mindset issues that might sabotage their efforts before they even begin how to publish strategically and what it means to diversify income streams beyond book sales For this second edition Friedman has updated every topic to reflect how the industry has evolved over the past half decade New features include a section on business and legal issues commonly faced by writers exercises at the end of each chapter and a wealth of sample materials posted on a companion website Reaching beyond the mechanical aspects of publishing The Business of Being a Writer will help both new and experienced writers approach their careers with the same creative spirit as their writing Friedman is encouraging without sugarcoating reality blending years of research with practical advice that will help writers market themselves and maximize their writing related income Her book will leave them empowered confident and ready to turn their craft into a sustainable career **The Life of Texts** Kiene Brillenburg Wurth,Ann Rigney,2019-11-08 This innovative introduction to literary studies takes the life of texts as its overarching frame It provides a conceptual and methodological toolbox for analysing novels poems and all sorts of other texts as they circulate in oral print and digital form It shows how texts inspire each other and how stories migrate across media It explains why literature has been interpreted in

different ways across time Finally it asks why some texts fascinate people so much that they are reproduced and passed on to others in the form of new editions in adaptations to film and theatre and last but not least in the ways we look at the world and act out our lives The Life of Texts is designed around particular issues rather than the history of the discipline as such Each chapter concentrates on a different aspect of the life of texts and introduces the key debates and concepts relevant to its study The issues discussed range from aesthetics and narrative to intertextuality and intermediality from reading practices to hermeneutics and semiotics popular culture to literary canonisation postcolonial criticism to cultural memory Key concepts and schools in the field have been highlighted in the text and then collected in a glossary for ease of reference All chapters are richly illustrated with examples from different language areas

Green Governance Burns H. Weston,David Bollier,2013-01-21 The vast majority of the world s scientists agree we have reached a point in history where we are in grave danger of destroying Earth s life sustaining capacity But our attempts to protect natural ecosystems are increasingly ineffective because our very conception of the problem is limited we treat the environment as its own separate realm taking for granted prevailing but outmoded conceptions of economics national sovereignty and international law Green Governance is a direct response to the mounting calls for a paradigm shift in the way humans relate to the natural environment It opens the door to a new set of solutions by proposing a compelling new synthesis of environmental protection based on broader notions of economics and human rights and on commons based governance Going beyond speculative abstractions the book proposes a new architecture of environmental law and public policy that is as practical as it is theoretically sound
