The Canceling of the American Mind Greg Lukianoff, Rikki Schlott, 2023-10-17 FULLY UPDATED WITH A NEW CHAPTER A lucid and comprehensive look at where we are and how we got here nothing short of galvanizing Wall Street Journal Why bother refuting your opponents when you can just take away their platform or career Greg Lukianoff was one of the first to raise the alarm about the troubling social and psychological consequences of the growing intolerance of opposing viewpoints on university campuses in America a phenomenon which then swept through the English speaking world In this new book he teams up with Rikki Schlott to show how this trend has spread to a wide range of workplaces and cultural spaces which are giving up on a culture of free speech in favour of cancel culture Drawing on original research and data along with hundreds of new examples from publishing to psychotherapy comedy science and medicine this book shows how the left and the right both work to silence their enemies in different ways It's not simply a matter of Twitter spats people are losing their jobs livelihoods and sometimes their lives over it Eye opening urgent and transformative The Canceling of the American Mind argues that cancel culture is not merely a moral panic but a dysfunctional way in which people battle for power status and dominance moving us away from being able to argue productively listen generously and ultimately be civil when we disagree This book offers concrete steps towards reclaiming a culture of free speech with materials specifically tailored for parents teachers business leaders and all those who use social media It shows how we can all harness intellectual humility to become more resilient and open minded
