The return of the goddess: reversing the fate of the sky Karen Lee, 2005-01-20 Su Yan hung his newly bought Nikon SLR camera around his neck and looked out the car window aimlessly

Palestine, the Right of Return Paul M. Bergstrom, 2010-07-01 Palestine The Right of Return is a must read novel that addresses several critical issues facing world leaders who seek a solution to the almost century long Arab Israeli conflict The Balfour Declaration issued in 1917 set the conflict in motion Mr Bergstrom s story albeit fiction should be required reading for anyone hoping to understand the current stalemate Mr Bergstrom defines a path to lasting peace via a single state solution Further he highlights the problems created by America s well meaning but one sided intervention on the side of Israel in the peace negotiations Mr Bergstrom argues that Palestine s future will not be found in an agreement that divides Palestine into two equally or unequally aggrieved states further asserting that peace can only come from the efforts of the primary stakeholders those who will benefit or suffer most immediately through any resolution The United States Hamas Hezbollah Iran Lebanon and other interested parties must stand aside Mr Bergstrom concludes that the people of Palestine itself own the problem and they must join together if a workable solution is to be created

Return to an Address of the Honourable the House of Commons Dated 28th January 2004 for the Report of the Inquiry Into the Circumstances Surrounding the Death of Dr David Kelly C.M.G. Lord Brian Hutton, Great Britain. Parliament. House of Commons, 2004 This publication contains the report of the independent inquiry by Lord Hutton into the events leading up to the death of Dr David Kelly the government weapons expert in July 2003 after he had been publicly named as the source of a report by Andrew Gilligan on BBC Radio Fours Today programme which had alleged that the government had pressurised the Joint Intelligence Committee to exaggerate the military threat posed by Iraq in its September 2002 dossier The question of whether intelligence about Iraqs weapons of mass destruction justified going to war falls outside the scope of the inquiry The report concludes that Dr Kelly took his own life because he felt he had been publicly disgraced after being named as the source for the BBC report but nobody was at fault in not contemplating the possibility of his suicide Dr Kelly had broken official civil service procedures in having an unauthorised meeting with Andrew Gilligan a fact that Dr Kelly later recognised Due to uncertainties in Mr Gilligans evidence and note taking and in his misuse of language it is not possible to reach a definite conclusion as to what Dr Kelly actually said However the report states its satisfaction that Dr Kelly did not say that the Government had insisted in the insertion of the 45 minute claim probably knowing it to be wrong Therefore the allegation is judged to have been unfounded The BBC editorial system is found to have been defective in its failure to properly check the details of the allegations made by Andrew Gilligan before their broadcast and the BBC Governors and management system was at fault by failing to fully investigate complaints made by Alastair Campbell The government is cleared of any dishonourable or underhand conduct in the public naming of Dr Kelly Downing Street was entitled to suggest changes to the September dossier and it was appropriate for John Scarlett head of the Joint
