Watching TV Harry Castleman, Walter J. Podrazik, 2024-12-16 Castleman and Podrazik present a season by season narrative that encompasses the eras of American television from the beginning in broadcast through cable and now streaming. They deftly navigate the dizzying array of contemporary choices so that no matter where you start on the media timeline, *Watching TV* provides the context and background to this multi-billion dollar enterprise. Drawing on decades of research, the authors weave together personalities, popular shows, corporate strategies, historical events, and changing technologies, enhancing the main commentary with additional elements that include fall prime time schedule grids for every season, date box timelines, highlighted key text, and selected photos. The fourth edition updates the story into the 2020s and looks ahead to the next waves of change. This new edition is the first to also be available in a digital format.
