His process is based on these basic steps: Focus on desirable outcomes, Vision, Goals, Objectives, and Metrics. Pinpoint the very smallest segments of your customers. Determine the communities to which these microsegments belong. Identify the influencers of those communities. Create an action plan for your project. Measure and constantly improve your efforts. The beauty of Dragon's method is its core flexibility. New social media platforms are guaranteed to pop up in the near future. Any strategy based on the methods in this book can be adapted to take full advantage of them.
