Medieval And Early Modern Times Activities Readers:

Medieval and Early Modern Times McGraw, 2005-03 *Superstition and Magic in Early Modern Europe: A Reader* Helen L. Parish, 2014-11-20 Superstition and Magic in Early Modern Europe brings together a rich selection of essays which represent the most important historical research on religion magic and superstition in early modern Europe Each essay makes a significant contribution to the history of magic and religion in its own right while together they demonstrate how debates over the topic have evolved over time providing invaluable intellectual historical and socio political context for readers approaching the subject for the first time The essays are organised around five key themes and areas of controversy Part One tackles superstition Part Two the tension between miracles and magic Part Three ghosts and apparitions Part Four witchcraft and witch trials and Part Five the gradual disintegration of the magical universe in the face of scientific religious and practical opposition Each part is prefaced by an introduction that provides an outline of the historiography and engages with recent scholarship and debate setting the context for the essays that follow and providing a foundation for further study This collection is an invaluable toolkit for students of early modern Europe providing both a focused overview and a springboard for broader thinking about the underlying continuities and discontinuities that make the study of magic and superstition a perennially fascinating topic Pleasure and Leisure in the Middle Ages and Early Modern Age Albrecht Classen, 2019-08-05 Jan Huizinga and Roger Caillois have already taught us to realize how important games and play have been for pre modern civilization Recent research has begun to acknowledge the fundamental importance of these aspects in cultural religious philosophical and literary terms This volume expands on the traditional approach still very much focused on the materiality of game toys cards dice falcons dolls etc and acknowledges that game constituted also a form of coming to terms with human existence in an unstable and volatile world determined by universal randomness and fortune Whether considering blessings or horse fighting falconry or card games playing with dice or dolls we can gain a much deeper understanding of medieval and early modern society when we consider how people pursued pleasure and how they structured their leisure time The contributions examine a wide gamut of approaches to pleasure considering health issues eroticism tournaments playing music reading and listening drinking alcohol gambling and throwing dice This large issue was also relevant of course in non Christian societies and constitutes a critical concern both for the past and the present because we are all homines ludentes **Audience and Reception in the Early Modern Period** John R. Decker, Mitzi Kirkland-Ives, 2021-09-09 Early modern audiences readerships and viewerships were not homogenous Differences in status education language wealth and experience to name only a few variables could influence how a group of people or a particular person received and made sense of sermons public proclamations dramatic and musical performances images objects and spaces The ways in which each of these were framed and executed could have a serious impact on their relevance and effectiveness The chapters in this volume explore the ways in which authors poets artists preachers theologians playwrights

and performers took account of and encoded pluriform potential audiences readers and viewers in their works and how these varied parties encountered and responded to these works The contributors here investigate these complex interactions through a variety of critical and methodological lenses Nature in the Middle Ages and the Early Modern Times Albrecht Classen, 2024-07-01 The study of pre modern anthropology requires the close examination of the relationship between nature and human society which has been both precarious and threatening as well as productive soothing inviting and pleasurable Much depends on the specific circumstances as the works by philosophers theologians poets artists and medical practitioners have regularly demonstrated It would not be good enough as previous scholarship has commonly done to examine simply what the various writers or artists had to say about nature While modern scientists consider just the hard core data of the objective world cultural historians and literary scholars endeavor to comprehend the deeper meaning of the concept of nature presented by countless writers and artists Only when we have a good grasp of the interactions between people and their natural environment are we in a position to identify and interpret mental structures social and economic relationships medical and scientific concepts of human health and the messages about all existence as depicted in major art works In light of the current conditions threatening to bring upon us a global crisis it matters centrally to take into consideration pre modern discourses on nature and its enormous powers to understand the topoi and tropes determining the concepts through which we perceive nature Nature thus proves to be a force far beyond all human comprehensibility being both material and spiritual depending on our critical approaches Women, Reading, and the Cultural Politics of Early Modern England Edith

Snook, 2017-07-05 A study of the representation of reading in early modern Englishwomen s writing this book exists at the intersection of textual criticism and cultural history It looks at depictions of reading in devotional works maternal advice books poetry fiction and manuscripts for evidence of ways in which women conceived of reading in sixteenth and early seventeenth century England Among the texts considered are Katherine Parr Lamentation of a Sinner Anne Askew The Examinations of Anne Askew Dorothy Leigh The Mothers Blessing Elizabeth Grymeston Miscelanea Meditations Memoratives Anne Cornwallis s commonplace book Folger MS V a 89 Aemelia Lanyer Salve Deus Rex Judaeorum The Death and Passion of Our Lord Jesus Christ Bodleian MS Don e 17 and Mary Wroth The First Part of The Countess of Montgomery s Urania
