

A Study of ancient Pelican history reveals an early African definition of the human Melanin System as a whole body Black Melanin System that serves as the eye of the soul to produce inner vision, true spiritual consciousness, creative genius, beatific vision, to become Godlike, and to have conversation with the immortal (Ancestors). The purpose of ancient Pelican education was to provide knowledge and development of the will of the student that allowed salvation (freedom) of the soul from the fetters (chains) of the physical body (George G. M. James)

This overview is focused upon just one of these four major Melanin sub sections, Animal Kingdom Melanin, particularly within the Species Homo Sapien, adolescent neophyte Humanity. Special reference is given to the epigenetic evolutionary potential within Humanity to become an adult, "Son of Light, Christ," "Melanin succeeded Transformation," or "Homo Maximus" stage of intelligent/

Perfect/Unity with Light, Adult, Master Adult, Adept, Angelic Immortal Humanity.

The mindset of the student is critical to all work performed by him and her in their process of unfolding scientific observations. Every step of the scientific method is profoundly colored or better yet unconsciously projected onto the formulation of the initial question or hypothesis to be examined. Observation of various facets of the hypothesis, measurement of observed facets, analysis of facets of measurement derived data, and the formulation of a final hypothesis that attempts to explain patterns of measured relationships observed between various facets of a question under observation. It is a given that in the pursuit of each step of the scientific method the process of human concentration of attention is indeed an intense process that draws upon many levels of the human experience of consciousness. Sadly, the majority of the levels of consciousness so utilized are unconscious to some scientists and their public audience.

The Healing Power of the Sacred Woman Christine R. Page, 2012-11-16 How to enhance well being by reconnecting to sacred womanhood Shares ways to embody the power wisdom and compassion of the Great Mother Reveals a woman s purpose is to give birth not only to new life but also to new levels of consciousness Shows how female illnesses represent a disconnection from our true identity as women Four thousand years ago women were seen as living representatives of the Great Mother whose cyclical and potent energy gave birth to all existence Today this sacred awareness has been lost or distorted causing a collective amnesia among women around the world However there is one symbol of the Great Mother s loving presence that has remained unchanged for tens of thousands of years the physical body Its curves sensuality softness and monthly flow are constant reminders of this deep loving connection When illness appears especially within the breasts and fertility organs a woman is being reminded to return to her pure and sacred identity where death and birth are essential for growth and love flows without expectations Combining more than 30 years experience in health care with in depth research into the history and mythology of the divine feminine Christine R Page M D reveals that women are the foundation of the birth of new levels of consciousness without which the evolution of humanity will become barren and dry Yet such birth can occur only when women have the courage to reject the beliefs and images of the feminine imposed upon them four thousand years ago and reclaim their true identity Through a fascinating journey into the body Dr Page shows the importance of self love and self respect and explains how sex is a natural process of unification where women take the lead similar to the ancient sacred priestesses Dr Page reminds women to reconnect to the potent and creative energy of Mother Earth which gives power to the intuitive voice of the heart and nurtures new seeds of inspiration and enlightenment through the womb
