Original Illustrations of English Constitutional History D. J. Medley, 2015-06-26 Excerpt from Original Illustrations of English Constitutional History Teachers of Constitutional History have often asked for a single volume of selected documents suitable to the needs of the ordinary student This book is an attempt to meet that demand It was planned some years ago but my transference from Oxford to Glasgow and the preoccupations of a busy life have stood in the way of an earlier publication My desire has been to choose a few leading documents and certain groups of documents illustrating important subjects to quote these so far as space would permit in their entirety and to explain passages in them by reference to extracts from other authoritative sources Over such a vast field naturally the choice has been difficult Many of the charters and statutes to be selected are sufficiently obvious but beyond these probably no two teachers of the subject would compile identical lists About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
