

A man in a blue robe is kneeling on a grassy bank, holding an open book and looking towards a large, ancient tree. The scene is set at sunrise or sunset, with a warm, golden glow illuminating the landscape. In the background, there are rolling hills, a small stream, and several acacia-like trees. The sky is filled with soft, colorful clouds. The overall atmosphere is peaceful and contemplative.

Meditating On The Word Meditating On The Word:

Meditating on the Word Dietrich Bonhoeffer, 1986-01-25 Daily quiet reflection on the Word of God as it applies to me becomes for me a point of crystallization for everything that gives interior and exterior order to my life wrote Dietrich Bonhoeffer to his colleagues at the warfront in the winter of 1942 Now back in print after a decade this collection of Bonhoeffer's writings sermons and letters on meditation including his unfinished meditation on Psalm 119 reveals his deep love for the Bible as a focus for his prayer life and a support in his courageous political life Why do I meditate asks Bonhoeffer Because I am a Christian Therefore every day in which I do not penetrate more deeply into the knowledge of God's Word in Holy Scripture is a lost day for me

Morning and Evening Meditations from the Word of God Michael J. Akers, 2014-03-18 There are many devotional books available containing brief daily inspirations that benefit all who read them This book is different in two respects The first is obvious it contains two readings per day 732 in all The second more important difference is that the author wanted to do more than offer inspiration this would make this book no different than so many others The messages in the book are study sketches in that the content is not only inspirational but also educational challenging and encouraging Most of these writings were based on author Michael J Akers's teaching of adult Bible studies for more than thirty years and learning what really brought adults to want to deepen their knowledge and application of the Word of God *Three Word*

Meditation Robert Felix, 2005-06 Ever since the Gnostic self knowledge traditions were purged from Christianity in the Fourth Century AD the church has been a gatekeeper of faith But people today are curious about the differences between fixed dogmatic truths offered by religious authority and inner personal and adaptable truths discovered from within Now author Robert Felix has written a work that brings these external and internal worlds together in order to help you achieve a closer connection to the Divine An historical oversight of Western religions Felix contends is that they teach us how to talk to God without teaching the equally important skill of how to listen to God Here Felix shows how to combine Western styles of prayer with Eastern meditation techniques With prayer you discover the unique characteristics of your personality while meditation enables you to hear answers in the form of new creative solutions to the concerns and goals you face With this practice you can intentionally alter your mind for the better Felix writes Because you are unique no one can create your pathway to Divine Love but you Everyone communicates with God in a personal space inside themselves You have to find your own God within and then the Highest Source will help you in profound life changing ways After forty years of research and practice Felix has found that these techniques enhance the ability to feel God's Pure Love The Three Word Meditation approach creates partnerships between the verbal skills of your analytical brain and the holistic skills of your intuitive brain They form the basis of the most cherished partnerships of all the partnerships between you Pure Love and all of earth's life A rainbow of advice for personal wellness and spiritual growth With all of its talk of partnerships productivity and growth it's difficult to imagine a more pragmatic approach to meditation Useful for those seeking a neat path to achieving inner balance Kirkus Discoveries *How to Meditate on God's Word* Daniel C. Walvoord,Donald Cambell,John A. Witmer,2000-10-17 Stimulating theology is an oxymoron for most people Theology sounds like something for the severely intellectual full of complicated ideas that escape the typical Christian reader In reality theology is meant to enhance our understanding of God Most of the words that make up the Christian vocabulary are common words drawn from the realities of life and therefore are easily applicable to real life Based on this premise four leading authors have come together to create this excellent volume The Theological Wordbook tackles tough words such as propitiation regeneration righteousness and predestination but it does so in a natural plain spoken manner designed to be enlightening rather than evasive Also literally dozens of words you are likely to use every day such as forgiveness mind peace rest family truth and guilt have profound biblical value Using The Theological Wordbook can enable you to more fully appreciate what the Bible teaches on these crucial topics and how each of these terms is relevant for life today As this happens your understanding of God will expand And as the words you use speak and hear in the community of faith become more familiar you will become more connected to your own spiritual heritage The Theological Wordbook is the link between understanding God's Word in your head and accepting it in your heart *God's Word The Miracle Seed* Ashish
