Options On Atonement In Christian Thought:

Options on Atonement in Christian Thought Stephen Finlan, 2007 In his previous book *Problems with Atonement* Stephen Finlan compellingly argues that the doctrine of atonement has been more a stumbling block to a true understanding of the relationship between God and humanity than a genuine explanation of how we relate to God and God to us *Options on Atonement* reprises these arguments briefly then looks more closely at the solutions to the problem offered by a variety of modern interpreters Finlan's focus in this volume is on revelation on the gradual human absorption of and interpretation of revelation received from God the maturing of human cultures and especially the light shed by modern family systems psychology At a time when public debates rage over the notion of evolution in the natural world this book asserts that our understanding of divine revelation is likewise subject to evolution If religion itself does not evolve the author asserts we are left only with an unsatisfactory choice to remain mired in the past or to repudiate all that is past including our Scriptures Will that be our choice Or can we resolve to examine our traditions including that of the atonement in the light of new knowledge Stephen Finlan chooses to do just that

A Pauline Theology of Justification James B. Prothro, 2023-02-21 Paul's teaching about justification is always important for understanding the apostle and for Christian theology And for that same reason it is always debated James B. Prothro's book looks at the apostle's words about righteousness faith the Mosaic law and life in Christ to connect the dots of Paul's thought and to bring Paul into dialogue with major theological traditions He offers an account of justification that is both forensic and thoroughly participatory God's gift of forgiveness friendship and new life in Christ through the Spirit

Encountering Christ in the Eucharist Bruce T. Morrill, 2012 If changes in the church's liturgical practice were the most obvious development of Vatican II to be noticed by the faithful in the pew then inevitably shifts in eucharistic theology were not far behind The previous focus on Christ's presence in the sacrament itself under the species of bread and wine and the attendant forms of worship that this spawned have gradually yielded to deepening insights into the manifold ways in which Christ is present among the faithful Drawing upon the best of recent biblical historical and theological sources Bruce Morrill unfolds how the divine Spirit of Jesus works through ways Christ is present in the celebration of the Eucharist in the assembly presiding minister biblical word and ritual sacrament Mindful of challenges inherent in eucharistic theologies

within and among church traditions and communities Morrill orients his theology on two key principles from Vatican II's Constitution on the Sacred Liturgy: the celebration of the liturgy as participation in the paschal mystery and the multiple bodily symbolic ways Christ is present in the ritual celebration. In the process he sheds new light on such topics as sacrifice, covenant, divine presence and absence, and the tradition's relationship to Judaism. There are some challenging implications here, not least to the modern tendency to think of liturgy in terms of a personal transaction: what I got out of it and to those who hear God's word only according to their own preconceived ideas. God's is not a reign limited to our personal histories, Morrill points out, but rather is one that calls us to hear our story as part of one much larger, at times comforting, at others confronting us. Morrill eloquently invokes these human modes of Christ's presence to draw participants into the mystery of the cross and resurrection into communion with the God whose love for humanity has been revealed unto death, making the Eucharist the source and summit for lives shaped in the pattern of Christ's justice and mercy for the life of the world. The Blackwell Companion to Jesus Delbert Burkett, 2013-11-11. The Blackwell Companion to Jesus features a comprehensive collection of essays that explore the diverse ways in which Jesus has been imagined or portrayed from the beginnings of Christianity to the present day. Considers portrayals of Jesus in the New Testament and beyond; Jesus in non-Christian religions; philosophical and historic perspectives; modern manifestations and representations in Christian art, novels, and film. Comprehensive scope of coverage distinguishes this work from similar offerings. Examines both Christian and non-Christian perspectives on Jesus, including those from ethnic and sexual groups as well as from other faiths. Offers rich and rewarding insights which will shape our understanding of this influential figure and his enduring legacy. Jesus and the Temple Simon J. Joseph, 2016-01-08. Most Jesus specialists agree that the Temple incident led directly to Jesus' arrest, but the precise relationship between Jesus and the Temple's administration remains unclear. Jesus and the Temple examines this relationship, exploring the reinterpretation of Torah observance and traditional Temple practices that are widely considered central components of the early Jesus movement. Challenging a growing tendency in contemporary scholarship to assume that the earliest Christians had an almost uniformly positive view of the Temple's sacrificial system, Simon J. Joseph addresses the ambiguous, inconsistent, and contradictory views on sacrifice and the Temple in the New Testament. This volume fills a significant gap in the literature on sacrifice in Jewish Christianity. It introduces a new hypothesis positing Jesus' enactment of a program of radically nonviolent eschatological restoration, an orientation that produced Jesus' conflicts with his contemporaries and inspired the first attributions of sacrificial language to his death. *Suffering and the Christian Life* Richard W. Miller, 2012-12-01. **Killing Enmity** Thomas R. Yoder Neufeld, 2011-06-01. Is the New Testament inherently violent? In this book, a well-regarded New Testament scholar offers a balanced critical assessment of charges and claims that the Christian scriptures encode, instigate, or justify violence. Thomas Yoder Neufeld provides a useful introduction to the language of violence in current theological discourse and surveys a wide range of key ethical New Testament texts through

Baker Putt,2021-02-02 The impetus behind the ease with which the church has periodically justified violent behavior lies in its conceptual image of God as a violent deity This book emerges out of a passion to think differently albeit biblically about the character of God and articulates a theological construction of a nonviolent God an alternative to any image of God that seems to condone human violence It calls the church to rethink theology as something other than what might be termed redemptive violence and encourages Christians to reinterpret Scripture and traditional theological beliefs in ways that are more faithful to the God disclosed in Jesus of Nazareth Students of theology need a fresh glimpse of the love mercy and redemptive power of God through Jesus As it follows the structure of the Apostles Creed through the various theological topics this book reminds Christians to share in God's desires for peace and love and to recommit themselves to the call of God to be ministers of reconciliation and lovers of both neighbors and enemies even while at times responding to violence with nonviolent resistance *Christ and Reconciliation* Veli-Matti Krkkinen,2013-05-26 In *Christ and Reconciliation* Veli Matti Karkkainen develops a constructive Christology and theology of salvation in dialogue with the best of Christian tradition with contemporary theology in its global and contextual diversity and with other major living faiths Karkkainen's *Constructive Christian Theology for the Pluralistic World* is a five volume project that aims to develop a new approach to and method of doing Christian theology in our pluralistic world at the beginning of the third millennium Topics such as diversity inclusivity violence power cultural hybridity and justice are part of the constructive theological discussion along with classical topics such as the messianic consciousness incarnation atonement and the person of Christ With the metaphor of hospitality serving as the framework for his discussion Karkkainen engages Judaism Islam Buddhism and Hinduism in sympathetic and critical mutual dialogue while remaining robustly Christian in his convictions Never before has a full scale doctrinal theology been attempted in such a wide

Thomas Aquinas and Teilhard de Chardin Donald J. Goergen OP,2022-10-21 In an increasingly divided and secularized world in an age of unbelief we yearn for increased unity for a sense of the transcendent for a humanism that does not force one to choose between God and the world This humanism requires an integration of ancient wisdom with modern learning or one might say faith and reason religion and science Christology and cosmology As the Gospel of Matthew puts it the sage goes into the storehouse to bring out both something old and something new To this Christian humanism both Thomas Aquinas and Pierre Teilhard de Chardin have significant contributions to make One is not forced to choose between them but rather to see in these two visionaries one medieval one modern complementary insights One philosophically precise the other scientifically trained they challenge us to look again at our search for wholeness for holiness Can we see something of what they saw Can we seek something of what they sought
