The Music of Sound Ian Jarvis, 2019-05-09 A modern day Sherlock Holmes Bernie Quist operates as a consultant detective from Baker Avenue in York. His assistant is Watson although this Watson is a youth from the Grimpen housing estate and he is definitely not a doctor. The mismatched duo take on bizarre cases which invariably lead into the realms of the supernatural a shadowy world. Quist is all too familiar with Rex Grant has vanished from a hotel without paying the bill but the police seem more concerned with the murdered girl in his room. Investigating their friend's disappearance Quist and Watson are intrigued by his connection to the superstar singer Ligeia and the lethal mercenary soldiers who act as her management team. Irana Adler heads the squad a female Colonel who doesn't take kindly to intrusion and Quist is amazed to discover that Laurel and Hardy are part of the singer's entourage something which is not only surprising but pretty much impossible. A dark and very peculiar game is afoot and Ligeia's musical voice may not be as sweet as it sounds.

Cultural Capital and Parental Involvement Siu-hang Kong, 2023-01-12 This book uses Pierre Bourdieu's cultural capital model as a theoretical framework for exploring how students in Beijing and Hong Kong perceive parental influences. Their parents' cultural capital and support on their participation in musical activities. By studying students' perceptions of their parents' cultural capital and support for their musical activities this book revisits the applicability of Bourdieu's cultural capital model in the contemporary Chinese context and reveals how inequality in terms of parental cultural capital governs parents' support and influences the intergenerational transmission of cultural capital which in turn contributes to inequality in terms of students' cultural capital.

Owning the World of Ideas Matthew David, Debora Halbert, 2015-08-17 Formally ownership of ideas is legally impossible and can never be globally secured Yet in very real and significant ways these limits have been undone In principle ideas cannot be owned yet undoing the distinction between ideas and tangible manifestations the distinction which underpins the principle allows the principle to hold even whilst its meaning is hollowed out Post Cold War global network capitalism is premised upon regulatory structures designed to enforce deregulation in global markets and production but at the same time to enforce global regulation of property and intellectual property in particular However this roll out has not been without resistance and limitations Globalization the affordances of digital networks and contradiction within capitalism itself between private property and free markets promote and undo global IP expansion In this book David and Halbert map the rise of global IP protectionism debunk the key justifications given for IPRs dismiss the arguments put forward for global extension and harmonization and suggest that roll back suspension and even simply the bi passing of IP in practice offer better solutions for promoting innovation and meeting human needs

The Social Worlds of Nineteenth-Century Chamber Music Marie Sumner Lott, 2015-06-15 Music played an important role in the social life of nineteenth century Europe and music in the home provided a convenient way to entertain and communicate among friends and colleagues String chamber music in particular fostered social interactions that helped build communities within communities Marie Sumner Lott examines the music available to musical consumers in the nineteenth century and what that music tells us about their tastes priorities and

activities Her social history of chamber music performance places the works of canonic composers such as Schubert Brahms and Dvo k in relation to lesser known but influential peers The book explores the dynamic relationships among the active agents involved in the creation of Romantic music and shows how each influenced the others choices in a rich collaborative environment In addition to documenting the ways companies acquired and marketed sheet music Sumner Lott reveals how the publication and performance of chamber music differed from that of ephemeral piano and song genres or more monumental orchestral and operatic works Several distinct niche markets existed within the audience for chamber music and composers created new musical works for their use and enjoyment Insightful and groundbreaking *The Social Worlds of Nineteenth Century Chamber Music* revises prevailing views of middle class influence on nineteenth century musical style and presents new methods for interpreting the meanings of musical works for musicians both past and present

Media Today Joseph Turow, 2016-10-04 Media Today uses convergence as a lens that puts students at the center of the profound changes in the 21st century media world Through the convergence lens they learn to think critically about the role of media today and what these changes mean for their lives presently and in the future The book s media systems approach helps students to look carefully at how media content is created distributed and exhibited in the new world that the digital revolution has created From newspapers to video games and social networking to mobile platforms Media Today prepares students to live in the digital world of media

A Dam in the River Jeffrey M. Camhi, 2013 *Genetic Criticism and the Creative Process* William Kinderman, Joseph E. Jones, 2009 Studies of the genesis of musical literary and theatrical works Not only the final outcome but the process of creative endeavor has long attracted attention in various artistic disciplines but only recently has the potential of such research been seriously explored The most rigorous basis for the study of artistic creativity comes not from anecdotal or autobiographical reports but from original handwritten sketches and drafts and preliminary studies as well as from revised manuscripts and typescripts corrected proof sheets and similar primary sources The term genetic criticism or critique g n tique relates not to the field of genetics but to the genesis of works of art as studied in a broad and inclusive context The essays in this volume explore aspects of genetic criticism in an interdisciplinary context emphasizing music literature and theater A common thread pertains to the essential continuity between a work and its genesis This volume brings together essays from leading scholars on subjects ranging from biblical scholarship to Samuel Beckett and from Beethoven s Eroica Symphony to very recent musical compositions Contributors Nicolas Donin Daniel Ferrer Alan Gosman R B Graves Joseph E Jones William Kinderman Jean Louis Lebrave Lewis Lockwood Geert Lernout Peter McCallum Armine Kotin Mortimer and James L Zychowicz William Kinderman is Professor of Musicology at the University of Illinois at Urbana Champaign Joseph E Jones is visiting Assistant Professor of Musicology at the University of Illinois at Urbana Champaign
