eBay Timesaving Techniques For Dummies Marsha Collier, 2007-05-21 So you've gotten started on eBay. You've made a few purchases and your first sale. You may have even built a moneymaking business. Now you're looking for ways to ratchet things up. You're looking for the insider tips and tricks for the easiest ways to take care of listing items, completing transactions, and keeping good records, and you don't have the time to do all the research. eBay Timesaving Techniques For Dummies is the book for you. Marsha Collier, an eBay University instructor and best-selling author of eBay For Dummies and Starting an eBay Business For Dummies, has collected the fastest and most effective techniques for finding items to sell, setting up your sales pages, pricing items to move, getting the word out about your business, collecting payments, shipping your item, and taking care of all the paperwork. Time is money, after all. So why waste time when you can be making money on eBay? This book contains over 60 step-by-step techniques proven to add efficiency to your eBay operation. Includes coverage of: Finding sources for merchandise to sell on eBay; Setting attractive prices and shipping costs; Handling multiple sales without losing your cool; Prettying up your auctions with digital photo and HTML tricks; Tracking payments and shipments; and keeping your customers happy; Working with PayPal both on and off of eBay; Enhancing your status in the eBay community; Simplifying your bookkeeping; Creating marketing, merchandising, and advertising plans; Solving problems quickly when they occur.

The Founders Jimmy Soni, 2022-02-24 A fascinating page-turner. An indispensable guide to modern innovation and entrepreneurship. Walter Isaacson, no. 1 bestselling author of Steve Jobs, Perfect for readers of Elon Musk by Ashlee Vance and Zero to One by Peter Thiel. Out of PayPal's ranks have come household names like Elon Musk, Peter Thiel, Max Levchin, and Reid Hoffman. Since leaving PayPal, they have formed, funded, and advised the leading companies of our era, including Tesla, Facebook, YouTube, SpaceX, Yelp, Palantir, and LinkedIn, among many others. Yet for all their influence, the incredible story of where they started has gone largely untold. In The Founders, award-winning author Jimmy Soni narrates how a once-in-a-generation collaboration turned a scrappy start-up into one of the most successful businesses of all time. Facing bruising competition, internal strife, the emergence of widespread online fraud, and the devastating dot-com bust of the 2000s, their success was anything but certain. But they would go on to change our world forever. Informed by hundreds of interviews and unprecedented access to thousands of pages of internal material, The Founders explores how the seeds of so much of what drives the internet today were planted two decades ago.

What's Your Digital Business Model? Peter Weill,Stephanie Woerner,2018-04-17 Digital transformation is not about technology it s about change In the rapidly changing digital economy you can t succeed by merely tweaking management practices that led to past success And yet while many leaders and managers recognize the threat from digital and the potential opportunity they lack a common language and compelling framework to help them assess it and guide them in responding They don t know how to think about their digital business model In this concise practical book MIT digital research leaders Peter Weill and Stephanie Woerner provide a powerful yet straightforward framework that has been field tested globally with dozens of senior management teams Based on years of study at the MIT

Center for Information Systems Research CISR the authors find that digitization is moving companies business models on two dimensions from value chains to digital ecosystems and from a fuzzy understanding of the needs of end customers to a sharper one Looking at these dimensions in combination results in four distinct business models each with different capabilities The book then sets out six driving questions in separate chapters that help managers and executives clarify where they are currently in an increasingly digital business landscape and highlight what s needed to move toward a higher value digital business model Filled with straightforward self assessments motivating examples and sharp financial analyses of where profits are made this smart book will help you tackle the threats leverage the opportunities and create winning digital strategies
