RESTART Sustainable Business Model Innovation Sveinung Jørgensen,Lars Jacob Tynes Pedersen,2018-07-31 Taking the business model as point of departure this open access book explores how companies and organizations can contribute to a more sustainable future by designing innovative models that are both sustainable and

profitable Based upon years of research it draws together theoretical foundations and existing literature on the topic of sustainable business alongside case studies and practical solutions After examining the theoretical foundations of sustainable business model innovation the authors present their own framework RESTART Consisting of seven factors this framework can be the basis for restarting any business model The final section outlines a research agenda for sustainable business informed by the perspectives and frameworks put forward in this book *Mastering the Data Paradox* Nitin

Seth,2024-03-18 There are two remarkable phenomena that are unfolding almost simultaneously The first is the emergence of a data first world where data has become a central driving force shaping industries and fueling innovation The second is the dawn of the AI age propelled by the advent of Generative AI that has created the possibility to leverage the data of the world for the first time The convergence of these two with data as the common denominator holds immense promise and the opportunities are boundless This book provides us with opportunities to push our thinking to innovate to transform and to create a better future at all levels individual enterprise and the world **Popular Music in a Digital Music Economy** Tim

Anderson,2013-12-17 In the late 1990s the MP3 became the de facto standard for digital audio files and the networked computer began to claim a significant place in the lives of more and more listeners The dovetailing of these two circumstances is the basis of a new mode of musical production and distribution where new practices emerge This book is not a definitive statement about what the new music industry is Rather it is devoted to what this new industry is becoming by examining these practices as experiments dedicated to negotiating what is replacing an object based industry oriented around the production and exchange of physical recordings In this new economy constant attention is paid to the production and licensing of intellectual property and the rise of the social musician who has been encouraged to become more entrepreneurial Finally every element of the industry now must consider a new type of audience the end user and their productive and distributive capacities around which services and musicians must orient their practices and investments
