It's a different story when you're on the Internet though you should expect scam emails. In order for you to defend yourself you need to know the who, what, where, how, and why about Internet scams. Learn WHO is running these scams, WHAT are they doing and how do they do it, WHERE are these people located, HOW do they get your personal details and what they do with this information, WHY do they do it, BUT most importantly this book will show you what scams look like so you can spot scams yourself. This book will teach you all the above and two other pieces of key information: how to avoid being scammed and what to do if you are a victim.
