sich alleine mithilfe von Kostensenkungen bewältigen ließen. Zwar sind Kostensenkungen notwendig, viele Banken und Versicherungen tun jedoch nichts anderes als verholte Prozesse zu aktualisieren. Die nächste Ebene des digitalen Wandels dreht sich um die Neuausrichtung des Kundenengagements zur Erzielung eines neuen und höheren Mehrwerts für Kunden und Finanzinstitute. Dies ist für das Bank- und Versicherungswesen unerlässlich, um in der digitalen Welt zu bestehen. Die Bestsellerautoren Roger Peverelli, Reggy de Feniks und Walter Capellmann stellen in ihrem Buch praktische Leitprinzipien vor, die Banken und Versicherungen helfen, den nächsten großen Sprung zu vollziehen und die Lücke zwischen dem digitalen Wandel zur Aktualisierung verholter Prozesse und dem digitalen Wandel zur Schaffung einer profitablen Zukunft zu schließen. Wie können Finanzinstitute Technologie nutzen, um nicht nur ihre Kosten zu senken, sondern gleichzeitig das Kundenengagement dramatisch zu verbessern? Welche Strategien zur Verbesserung des Kundenmanagements passen am besten zum neuen Kundenverhalten? Welche neuen Formen des Kundenengagements werden von den neuen Technologien ermöglicht? Wie können Banken und Versicherungen diese neuen Strategien anwenden, um neue Umsatzströme zu generieren und eine neue Generation an Geschäftsmodellen zu entwickeln? Roger Peverelli, Reggy de Feniks und Walter Capellmann sind Experten auf dem Gebiet des digitalen, strategischen Kundenmanagements und renommierte Unternehmerberater, Vortragsredner und Autoren. Gemeinsam können sie eine mehr als 75-jährige Erfolgsbilanz auf den Gebieten Strategie und innovatives Kommunikationsmanagement aufweisen. Im Rahmen ihrer langjährigen Tätigkeit haben sie mit großen Finanzinstituten in Europa, Nord- und Südamerika und Asien gearbeitet. Sie waren sowohl in den Vorstandsgremien als auch in Beratungspositionen in Finanz-Start-ups, Fintechs und Fintech-Investmentgesellschaften aktiv.

Digital Personality

Kuldeep Singh Kaswan, Jagjit Singh Dhatteerwal, Anand Nayyar, 2024-08-30. A computer that imbibes human characteristics is considered to have a digital personality. The character is akin to real-life human with his/her distinguishing characteristics such as history, morality, beliefs, abilities, looks, and sociocultural embeddings. It also contains stable personality characteristics, fluctuating emotional, cognitive, SOAR technology, and motivational states. Digital Personality focuses on the creation of systems and interfaces that can observe, sense, predict, adapt to, affect, comprehend, or simulate the following character based on behavior and situation: behavior based on character and situation, or situation based on character and behavior. Character sensing and profiling, character-aware adaptive systems, and artificial characters are the three primary subfields in digital personality. Digital Personality has attracted the interest of academics from a wide range of disciplines including psychology, human-computer interaction, and character modeling. It is expected to expand quickly as technology and computer systems become more and more intertwined into our daily lives. Digital Personality is expected to draw at least as much attention as Affective Computing. The goal of affective computing is to enable computers to comprehend both spoken and nonverbal messages from people, use implicit body language, gaze, speech tones, and facial expressions, etc. to infer the emotional state and then reply appropriately or even show affect through interaction modalities. More natural and seamless human-computer

connection would be the larger objective Users will benefit from a more individualized experience as a result Additionally this will affect how well the user performs since they will have the assistance of the robots to do their jobs quickly and effectively This book provides an overview of the character dimensions and how technology is aiding this area of study It offers a fresh portrayal of character from several angles It also discusses the applications of this new field of study **100 Sales**

Conversion Boosting Strategies Chris Karuso, 2024-12-13 100 Sales Conversion Boosting Strategies Plus 99 Conversion Concept Factors that You Should Be Employing for Making More Money Now from What You've Got Explode your sales potential designed for entrepreneurs marketers and sales professionals seeking to skyrocket their conversion rates and elevate their revenue streams Why get this meg book of conversion factors Profit more with less effort and less expense Make more money with less time and effort involved If you can increase your sales conversion rates meaning sell more products more often with the same amount of traffic well then you put yourself in a much better situation for large success and continued success With higher conversion rates you can sell more per dollar spent in advertising This means by improving your conversion rates you have the potential for mass sales and profits Just imagine if you were able to assimilate and habitualize these conversion factors so you automatically add these conversion factors each time you create a product or the sales material to those products You would very likely make a lot more money with a lot less work more consistently You will be able to cross correlate these conversion factor concepts to other aspects of life such as your interaction with people and your relationships You can also use the understanding of these conversion factors to boost your success across the board in many aspects of life Increase your ability to win Increase your ability for success Increase your ability to gain wealth of all types Learn Research more And dive in to implementing each conversion factor one by one Find your favorite conversion factor and master it even turning it into a habit so every time you do anything related to marketing or even talking to others you'll do that conversion increasing factor automatically Doing these conversion factor things can increase your personal power and money making abilities even dramatically In 100 Sales Conversion Boosting Strategies Plus 99 Conversion Concept Factors you'll discover a treasure trove of actionable insights proven techniques and expert strategies to transform your existing sales efforts into a formidable money making machine This comprehensive manual is your road map to better understanding your customers and what truly drives them to say yes to your offers Inside you will find 100 Sales Conversion Boosting Strategies that cover every aspect of the sales process from crafting irresistible offers to mastering the art of persuasive communication 99 Essential Concept Factors that delve deeper into the psychology of buying helping you to connect with your audience on a fundamental level and address their needs in a way that resonates with their desires Simple steps and practical tools designed to help you measure and evaluate your results enabling you to refine your approach and scale your success Whether you're a seasoned professional or a newcomer eager to make your mark this book will equip you with the skills and knowledge needed to maximize your sales efforts and secure a prosperous future Don't leave your success
