 perfekte UniversumsMarket A Fashion Retailer's Guide to Thriving in Turbulent Times Ghalia Boustani, Daniela
 Leonini, 2022-12-01 By raising questions and providing scenarios for success this book embraces fashion brand development
 in current turbulent retail environments A brand must have an essence it needs to respect a philosophy abide by values and
 follow clear processes A brand s success and sustainability follow specific rules nonetheless for fashion brands But do fashion
 brand management rules apply in today s turbulent times Acknowledging and going beyond branding theory this book
 challenges knowledge and practices that have been guiding fashion retail brands for many years Co written by an academic
 researcher and a retail consultant with 30 years of experience this practical guide offers not a process that fashion brands
 must follow but potential avenues for survival in today s retail market and facing today s customers Professionals and
 students of fashion retailing and branding will appreciate the detailed case studies that illustrate revisited concepts and
 thought provoking suggestions on how to make decisions for an uncertain future *Being Present* Jeanine W.

Illegal Literature David S. Roh,2015-12-31 What is the cultural value of illegal works that violate the copyrights of popular fiction Why do they persist despite clear and stringent intellectual property laws Drawing on the disciplines of new media law and literary studies Illegal Literature suggests that extralegal works such as fan fiction are critical to a system that spurs the evolution of culture Reconsidering voices relegated to the cultural periphery David S Roh shows how infrastructure in the form of legal policy and network distribution slows or accelerates the rate of change He analyzes the relationship between intellectual property rights and American literature in two recent copyright disputes And in comparing American fan fiction and Japanese dojinshi he illustrates how infrastructure and legal climates detract from or encourage fledgling creativity

Illegal Literature fills a crucial gap between the scholarly and the popular by closely examining several modes of marginalized cultural production Roh makes the case for protecting an environment conducive to literary heresy the articulation of an accretive rather than solitary authorial genius and the idea that letting go rather than holding on is important to a generative creative process In a media ecology inundated by unauthorized materials Illegal Literature argues that the proliferation of unsanctioned texts may actually benefit literary and cultural development
