Digital Technology for Humans Robert Hanna,2025-06-02 Digital ethics and AI ethics are of fundamental importance for humankind and its future Hanna shows how specifically Kantian moral principles can be applied to the design production and implementation of digital technology with a special focus on how these principles flow from the concept and fact of human dignity His core thesis is that digital technology is nothing more and nothing less than a tool created by humankind for the betterment of humankind whose use should be constrained by Kantian moral principles grounded in human dignity This thesis promises to stimulate new research on Kantian approaches to digital ethics and AI ethics It also has important political implications including a clarion call for us to engage in the self conscious self disciplined and free exercise of our own innate cognitive affective and practical capacities in the face of new and exceptionally powerful forms of digital technology e.g chatbots that threaten to undermine our ability to think feel and act for ourselves

Achieving Health Equity: Context, Controversies, and Remedies Patti R. Rose, 2025-07-31 Renamed as Achieving Health Equity Context Controversies and Remedies Patti Rose's third edition maintains a distinct focus on social justice issues associated with health disparities. With an emphasis on solutions, this edition like its predecessor centers on racial and ethnic emerging majorities, acknowledging the persistence of health disparities while providing actionable insights on why they exist and how to address them. By providing this solution-oriented approach, the book aims to guide students, academics, communities, health professionals, and others in contributing to resolving the problems linked to health disparities. Updated to include the latest demographic data, the Third Edition also offers four new chapters that focus on emerging racial and ethnic majority groups and health disparities and include Black, African American, American Indian or Alaska Native, Asian Pacific Islander, and Hispanic. Update information pertaining to the health disparities of the elder. *Transcending Boundaries in the Digital Age* Steven Kwan, Keung Ng, Tiffany Shurui Bai, Noble Po Kan Lo, Anna Wing Bo Tso, Wendy Wing Lam Chan, 2025-07-24 This book addresses the topic of educational communications and technology in the digital age with a comprehensive and forward-looking approach. It presents cutting-edge research, case studies, and strategies for optimizing the use of technology in teaching, learning, and assessment while also addressing the ethical and societal implications of these advancements to ensure a focus on empowering learners and promoting inclusivity. This book provides a roadmap for the future of education in the digital age, offering valuable insights and practical solutions for educators, researchers, and policymakers alike. *Artificially Intelligent* David Eliot, 2025-10-21 The story of AI isn't finished yet. The question is how will you be part of it? With the unprecedented adoption of artificial intelligence and its far-reaching implications, people everywhere are witnessing the world change around them. Artificially Intelligent answers today's most pressing questions about AI from the fundamental to the futuristic, offering readers a new informed worldview. In an age of unparalleled innovation and change, artificial intelligence has become the heart of our fears, discussions, and debates. Thus, AI researcher and award winner David Eliot takes readers on a journey through the key moments and decisions that have shaped its creation and our world. A socially driven history, the book explores its technical breakthroughs and the social forces that made them possible. But this book isn't just about the past; it's about you. Artificially Intelligent invites readers to find their place in the story of AI, to understand its impact on their lives, and to decide what kind of future they want to help create. Artificially Intelligent tells the story of the technology the way it was meant to be told: not as an exhaustive retelling of history, nor as a prophecy of doom and gloom, but as a human story that is not yet complete. **Technology for Societal Transformation** Lawal O.
